Abatement

Optimal acid rain abatement policy for Europe: an analysis for the year 2000 — **17** (1995) 259
J.P. Hutton and G.E. Halkos

Absorption

Conventional and solar cooling systems for Kuwait: an economic analysis — **6** (1984) 259
S. Hammoudeh, S. Ayyash and R.K. Suri

Access

Open access *v.* common carriage in electricity supply — **19** (1997) 225
G. Brunekreeft

Accounting

Accounting for changes in Australian carbon dioxide emissions — **14** (1992) 217
M.S. Common and U. Salma

Acid rain

Optimal acid rain abatement policy for Europe: an analysis for the year 2000 — **17** (1995) 259
J.P. Hutton and G.E. Halkos

Acid rain program

The US SO_2 auction: analysis and generalization — **21** (1999) 403
G.T. Svendsen and J.L. Christensen

Ad hoc behaviour

Behaviour of non-renewable natural resource firms under uncertainty: optimizing or ad hoc — **16** (1994) 9
M.J. Mueller

Adjusted demand

The Brazilian National Alcohol Programme: an economic reappraisal and adjustments — **10** (1988) 229
R. Serôa da Motta and L. da Rocha Ferreira

Adjustment

The effect of oil price increases on four oil-poor developing countries: a comparative analysis — **6** (1984) 59
H. Dick, S. Gupta, D. Vincent and H. Voigt

0140-9883/00/$ – see front matter © 2000 Elsevier Science B.V. All rights reserved.
PII: S0140-9883(00)00046-3

Adjustment costs

Symmetric or asymmetric price adjustments in the oil market: an empirical analysis of the relations between international and domestic prices in the Federal Republic of Germany, 1972–89 **14** (1992) 171
G. Kirchgässner and K. Kübler

AES

Assessing a disaggregated energy input: using confidence intervals around translog elasticity estimates **17** (1995) 125
J.J. Hisnanick and B.L. Kyer

Aggregate capital intensity

An exploratory stochastic framework to analyse the relationship between macro oil price shocks and economic development **11** (1989) 228
U.A. Kazi

Aggregate energy demand

The reliability of aggregate energy demand functions: an application of statistical specification error tests **11** (1989) 285
H. Welsch

Accounting for technical progress in aggregate energy demand **16** (1994) 245
C.T. Jones

Aggregate productivity

Impact of higher energy prices on wage rates, return to capital, energy intensity and productivity: a regional profit specification **8** (1986) 171
D.C. Mountain

Aggregation

Defining 'total energy use' in economic studies: does the aggregation approach matter? **21** (1999) 485
J. Zarnikau

Agriculture

The demand for electrical energy by agriculture in the USA **1** (1979) 14
N.D. Uri

Natural gas demand by agriculture in the USA **11** (1989) 137
N.D. Uri

Impacts of technological change on factor substitution between energy and other inputs within US agriculture, 1950–79 **12** (1990) 2
D.L. Debertin, A. Pagoulatos and A. Aoun

Energy-price impacts modelling in the agriculture sector **12** (1990) 147
D.D. Tewari

The impact of measurement error in the data on estimates of the agricultural demand for electricity in the USA **16** (1994) 121
N.D. Uri

Changing crude oil price effects on US agricultural employment **18** (1996) 185
N.D. Uri

Conservation tillage and the use of energy and other inputs in US agriculture **20** (1998) 389
N.D. Uri

Air pollution

A cost comparison of alternative policies for sulphur dioxide control: the case of the British power plant sector **10** (1988) 287
H. Welsch

Input–output simulations of energy, environment, economy interactions in the UK **17** (1995) 73
D. Hawdon and P. Pearson

Weather-induced changes in the tradeoff between SO_2 and N_x at large power plants **21** (1999) 239
J.E. Leightner

Estimation of the marginal abatement costs of airborne pollutants in Korea's power generation sector **21** (1999) 545
O.S. Kwon and W.-C. Yun

Alberta

The impact of energy prices on Alberta's economic outlook **11** (1989) 46
J. Worsick and A. Naini

Algeria

The impact of oil-export dependency on a developing country: the case of Algeria **11** (1989) 247
J. Heidarian and R.D. Green

Allen–Bowley forms

Longitudinal working models: estimates of household energy consumption in Australia **6** (1984) 41
D. Ironmonger, I. Manning and T.V. Hoa

Ambiguity

Greenhouse gas abatement under ambiguity **17** (1995) 91
H. Welsch

Analysis

Analysis of the factors influencing energy consumption in industry: a revised method **9** (1987) 145
W. Reitler, M. Rudolph and H. Schaefer

Analytical and numerical analyses

Short-term decisions under long-term uncertainty **20** (1998) 557
R.S.J. Tol

Appliance ownership

Household ownership of electric room air conditioners **20** (1998) 375
I. Matsukawa and N. Ito

Asian countries

A statistical analysis of energy coefficients **13** (1991) 93
B.W. Ang

Asymmetric adjustment

Rockets and feathers: the asymmetric speed of adjustment of UK retail gasoline prices to cost changes **13** (1991) 211
R.W. Bacon

The imperfect price reversibility of non-transport oil demand in the OECD **17** (1995) 59
J. Dargay and D. Gately
Retail price asymmetries in local gasoline markets **18** (1996) 81
K.T. Duffy-Deno
Petrol price asymmetries revisited **20** (1998) 297
B. Reilly and R. Witt

Asymptotic stability

The price of energy and factor substitution in the US economy **9** (1987) 159
J.V. Greenman and L.P. Drollas

Auctions

On the economics of PURPA auctions **13** (1991) 74
F. Bolle

Australia

Some general equilibrium effects of declining crude oil production in Australia **12** (1990) 242
L. Hogan and B. Naughten
Economies of scale and factor substitution in electricity supply industry: a case study of South Australia **13** (1991) 219
A.A. Rushdi
Labour productivity and energy intensity in Australia 1974–87: an input–output analysis **14** (1992) 43
J.M. Gowdy
Accounting for changes in Australian carbon dioxide emissions **14** (1992) 217
M.S. Common and U. Salma
Productivity changes in the Gas and Fuel Corporation of Victoria **16** (1994) 36
A. Rushdi
Road transport energy demand in Australia: a cointegration approach **17** (1995) 329
R. Samimi

Australian liquid fuels taxation

An Australian fuel substitution tax model: ORANI-LFT **12** (1990) 255
V.B. Hall, T.P. Truong and V.A. Nguyen

Automobile fuel economy

Watching the fuel gauge: an international model of automobile fuel economy **18** (1996) 93
M. Espey
Fuel economy standards in a model of automobile quality **21** (1999) 309
C. Plourde and V. Bardis

Automobile taxation

Watching the fuel gauge: an international model of automobile fuel economy **18** (1996) 93
M. Espey

Automotive technology

The market share of diesel cars in the USA, 1979–83 **8** (1986) 13
D.L. Greene

Backward recursion

A capacity growth input–output model **16** (1994) 193
E.W. Henry

Balance of payments

Competition between energy and agricultural production: a discussion of a country's best strategies **13** (1991) 199
G. De Martino Jannuzzi

Bayesian VAR

Energy forecasts for Western Australia 1992–2010 **15** (1993) 111
L.R. Charleson and E.J. Weber

Forecasting nuclear power supply with Bayesian autoregression **16** (1994) 185
R. Beck and J.L. Solow

BCEA model

On the variable elasticity of the demand for gasoline: the case of the USA **12** (1990) 132
Y. Hsing

Belgium

District heating for the city of Ghent: results of a project appraisal study **4** (1982) 111
A. Verbruggen and P. van Speybroeck

Economic effects of a carbon tax in Belgium: application with the macrosectoral model HERMES **14** (1992) 33
F. Bossier and R. De Rous

Bidding strategy

The regulating power market on the Nordic power exchange Nord Pool: an econometric analysis **21** (1999) 295
K. Skytte

Biomass energy production

Competition between energy and agricultural production: a discussion of a country's best strategies **13** (1991) 199
G. De Martino Jannuzzi

Linkages among energy, agriculture and environment in rural India **21** (1999) 559
J.K. Parikh and R. Ramanathan

Boilers

A simulation model of interfuel substitution in the industrial boiler market **9** (1987) 17
J. Skea

Bootstrapping

Bootstrapping for consistent standard errors for translog price elasticities: some evidence from industrial electricity demand **11** (1989) 319
S.M. Khalid Nainar

Bottom-up

Integrating the bottom-up and top-down approach to energy–economy modelling: the case of Denmark **20** (1998) 443
H.K. Jacobsen

Box–Jenkins multivariate techniques

Multivariate Box–Jenkins analysis: a case study in UK energy demand forecasting **7** (1985) 168
M.P.G. Pepper

Brazil

Energy and output implications of income redistribution in Brazil **6** (1984) 110
A. Behrens

Btu tax

The impact of a broad based energy tax on the US economy **13** (1991) 258
R. Boyd and N.D. Uri

Business cycle

Are energy prices cyclical? **8** (1986) 227
M. Ott and J.A. Tatom
Energy prices and investment over the business cycle **9** (1987) 257
V. Glass and E.S. Cahn
The cyclical behavior of monthly NYMEX energy prices **20** (1998) 265
A. Serletis and T. Kemp

CAAA

Modelling long-run cost minimization and environmental provisions for utility expansion **18** (1996) 49
E.-J. Wang, M. Jaraiedi and T.F. Torries

Canada

Canadian interregional electricity trade: analysing the gains from system integration during 1990–2020 **11** (1989) 105
J.S. Rogers and J.G. Rowse

Capacity credit

The stochastic economics of windpower **17** (1995) 27
M. Beenstock

Capacity growth

A capacity growth input–output model **16** (1994) 193
E.W. Henry
A capacity growth input–output model with forward recursive solution **17** (1995) 3
E.W. Henry

Capacity utilization

Uncertainty in hydroelectric power supply **6** (1984) 159
O. Bjerkholt and Ø. Olsen
Scale economies and capacity utilization: the importance of relative fuel prices **10** (1988) 140
D.E. Coates and J.G. Mulligan

Nuclear power plant performance: the post Three Mile Island era **14** (1992) 209
A.C. Krautmann and J.L. Solow

Capital adjustment costs

Returns to scale, adjustment costs and the optimal investment of the mining firm **14** (1992) 163
S.J. Rubio

Capital–energy substitution

A nested CES approach to capital–energy substitution **8** (1986) 22
M. Prywes
The capital–energy controversy: further results **11** (1989) 201
A.A. Kintis and E.E. Panas
Capital–energy substitution and the multi-level CES production function **16** (1994) 22
K.-P. Chang

Capital intensity

Energy–GDP relationship and capital intensity in LDCs **8** (1986) 113
D. Desai

Capital investment

Forecasting Canadian nuclear power station construction costs **7** (1985) 241
C.W.K. Keng

Capital requirement

North Sea oil: responses to employment opportunities **7** (1985) 127
W. Elkan and R.E.D. Bishop

Capital utilization

Using electricity data to measure capital utilization **16** (1994) 63
D. Anxo and T. Sterner

Capitalization

Housing market capitalization of thermal integrity **8** (1986) 134
J. Laquatra

Car park

The car park: diffusion models revisited **18** (1996) 107
J.V. Greenman

Carbon dioxide emissions

A long-term global energy–economic model of carbon dioxide release from fossil fuel use **5** (1983) 74
J. Edmonds and J. Reilly
Manufacturing sector carbon dioxide emissions in nine OECD countries, 1973–87: a Divisia index decomposition to changes in fuel mix, emission coefficients, industry structure, energy intensities and international structure **13** (1991) 168
A. Torvanger
Economic effects of a carbon tax in Belgium: application with the macrosectoral model HERMES **14** (1992) 33
F. Bossier and R. De Rous

Optimal economic growth when CO_2 constraints are critical **14** (1992) 192
H.W. Gottinger
Accounting for changes in Australian carbon dioxide emissions **14** (1992) 217
M.S. Common and U. Salma
A carbon tax to reduce CO_2 emissions in Europe **14** (1992) 279
P. Agostini, M. Botteon and C. Carraro
Energy and CO_2 emissions in Spain: methodology of analysis and some results for 1980–90 **17** (1995) 221
V. Alcántara and J. Roca
Global warming and carbon taxation: optimal policy and the role of administration costs **17** (1995) 319
M. Williams
Factors affecting CO_2 intensities of power sector in Asia: a Divisia decomposition analysis **18** (1996) 283
R.M. Shrestha and G.R. Timilsina
Dynamic energy and environment equilibrium model for the assessment of CO_2 emission control in Canada and the USA **19** (1997) 103
W. Chung, Y.J. Wu and J.D. Fuller
Stabilizing energy related CO_2 emissions for India **19** (1997) 125
S. Gupta and S. Hall
Economic development, poverty reduction and carbon emissions in India **19** (1997) 327
N.S. Murthy, M. Panda and J. Parikh
Decomposition of energy-induced CO_2 emissions in manufacturing **19** (1997) 363
B.W. Ang and G. Pandiyan
Decomposition of aggregate carbon intensity for the manufacturing sector: comparison of declining trends from 10 OECD countries for the period 1971–1991 **20** (1998) 43
L.A. Greening, W.B. Davis and L. Schipper
Economic modelling approaches to cost estimates for the control of carbon dioxide emissions **20** (1998) 101
Z.X. Zhang and H. Folmer
Technological change and the timing of mitigation measures **20** (1998) 495
A. Grübler and S. Messner
Decomposition of aggregate carbon intensity for freight: trends from 10 OECD countries for the period 1971–1993 **21** (1999) 331
L.A. Greening, M. Ting and W.B. Davis
Linkages among energy, agriculture and environment in rural India **21** (1999) 559
J.K. Parikh and R. Ramanathan

Carbon tax

Economic effects of a carbon tax in Belgium: application with the macrosectoral model HERMES **14** (1992) 33
F. Bossier and R. De Rous
A carbon tax to reduce CO_2 emissions in Europe **14** (1992) 279
P. Agostini, M. Botteon and C. Carraro
Econometric modelling of international carbon tax regimes **17** (1995) 133
C. Smith, S. Hall and N. Mabey
Macroeconomic and sectoral impacts of carbon taxation: a case for the Japanese economy **17** (1995) 277
N. Goto
Welfare effects of emission taxes in Norway **18** (1996) 335
J. Aasness, T. Bye and H.T. Mysen
Stabilizing energy related CO_2 emissions for India **19** (1997) 125
S. Gupta and S. Hall
Carbon taxes and India **19** (1997) 289
K.A. Fisher-Vanden, P.R. Shukla, J.A. Edmonds, S.H. Kim and H.M. Pitcher
The impact of a carbon tax on the Susquehanna River Basin economy **21** (1999) 363
R. Kamat, A. Rose and D. Abler

Cartel

Inventory theory in cartelized markets **9** (1987) 167
A.L. Danielsen and P.A. Cartwright
OPEC stability: an empirical assessment **10** (1988) 174
A.L. Danielsen and S. Kim
A note on OPEC market power and oil prices **13** (1991) 123
D.L. Greene

Causality

The relationship between energy and GNP: further results **6** (1984) 186
E.S.H. Yu and B.-K. Hwang
Energy and economic growth in the USA: a multivariate approach **15** (1993) 137
D.I. Stern
The message in North American energy prices **21** (1999) 471
A. Serletis and J. Herbert

CEO compensation schemes

The impact of economic regulation on attempts to curb expense preference behavior: a micro-data analysis of CEO compensation schemes for electric utilities **21** (1999) 185
F.G. Mixon Jr. and K.P. Upadhyaya

Changing relative prices

Estimating shifts in real income and real spending **15** (1993) 210
E.W. Henry

Charcoal

Residential demand for energy in Jamaica **10** (1988) 223
H. Ramcharran

Chile

Outage costs in Chilean industry **19** (1997) 417
P. Serra and G. Fierro

China

Industry energy use and structural change: a case study of The People's Republic of China **15** (1993) 131
J.-p. Huang
Modelling and forecasting the demand for coal in China **19** (1997) 271
H.L. Chan and S.K. Lee

Choice

Greenhouse gas abatement under ambiguity **17** (1995) 91
H. Welsch

CHP – *see* Combined heat and power

City energy consumption

Modelling the electricity consumption of cities, effect of urban density **21** (1999) 53
I. Larivière and G. Lafrance

Clean up

Pigouvian penalty for oil spills **15** (1993) 197
R.E. Kohn

Climate change

The relation between marginal product and price in US energy markets: implications for climate change policy **16** (1994) 145
R.K. Kaufmann

Greenhouse gas abatement under ambiguity **17** (1995) 91
H. Welsch

Climate modelling and policy strategies: the role of technical change and uncertainty **20** (1998) 463
C. Carraro and J.C. Hourcade

Decision making under uncertainty and inertia constraints: sectoral implications of the when flexibility **20** (1998) 539
F. Lecocq, J.-C. Hourcade and M.H. Duong

Quasi-option value and climate policy choices **20** (1998) 599
M.H. Duong

Weather-induced changes in the tradeoff between SO_2 and N_x at large power plants **21** (1999) 239
J.E. Leightner

Climate policy

Indices for comparing greenhouse gas emissions: integrating science and economics **18** (1996) 265
M. Kandlikar

Sensitivity of climate change mitigation estimates to assumptions about technical change **20** (1998) 473
H. Dowlatabadi

CO_2 – *see* Carbon dioxide emissions

CO_2 tax – *see* Carbon tax

Coal

Energy economics – a random walk in history **1** (1979) 139
G.F. Ray

EEC energy policy and the UK: the Birmingham energy model **1** (1979) 180
J. Tzoannos, K.G. Vaidya and P.G. Soldatos

Spatial equilibrium in the US coal industry **2** (1980) 230
T.C. Campbell, M.J. Hwang and F. Shahrokh

Efficiency aspects of electric utility coal operations **4** (1982) 127
J.J. Gonzales

An evaluation of the competitiveness of the US coal market **7** (1985) 3
A.L. Soyster, R.L. Gordon, E.E. Enscore and Y. We

Monopsony and federal coal leasing – a bargaining approach **11** (1989) 169
D.B. Pariser and N.M. Khilji

Modelling and forecasting the demand for coal in China **19** (1997) 271
H.L. Chan and S.K. Lee

Coal subsidization and nuclear phase-out in a general equilibrium model for Germany **20** (1998) 203
H. Welsch

Non-competitive market behaviour in the international coking coal market **21** (1999) 195
P. Graham, S. Thorpe and L. Hogan

Coal demand

An econometric simulation model of the US market for steam coal **1** (1979) 19
W.C. Labys, S. Paik and A.M. Liebenthal

Coal liquefaction

Sequential development of correlated projects: an application to coal liquefaction **5** (1983) 37
N.T. Gallini

Coal mining employment

Oil price shocks and employment: the case of Ohio coal mining **18** (1996) 211
J.H. Hoag and M. Wheeler

Coal prices

An econometric simulation model of the US market for steam coal **1** (1979) 19
W.C. Labys, S. Paik and A.M. Liebenthal

Coal slurry

Economics of coal transport by slurry pipeline versus unit train: a case study **6** (1984) 131
J.J. Kania

Coal supply

An econometric simulation model of the US market for steam coal **1** (1979) 19
W.C. Labys, S. Paik and A.M. Liebenthal

A quadratic programming model of the Appalachian steam coal market **2** (1980) 86
W.C. Labys and C.W. Yang

Cogeneration

District heating for the city of Ghent: results of a project appraisal study **4** (1982) 111
A. Verbruggen and P. van Speybroeck

Government policy and industrial investment in cogeneration in the USA **7** (1985) 117
G. Anandalingam

Nuclear power and coal-fired CHP **9** (1987) 82
P.E. Grohnheit and P. Laut

Impact of tax reform on renewable energy and cogeneration projects **9** (1987) 215
E. Kahn and C.A. Goldman

Cointegration

Short- and long-run elasticities in energy demand: a cointegration approach **15** (1993) 9
J. Bentzen and T. Engsted

Long-term relationships of major macro-variables in a resource-related economic model of Australia: a cointegration analysis **15** (1993) 257
C. Harvie and V.H. Tran

A cointegration analysis of petroleum futures prices **16** (1994) 93
A. Serletis

Econometric modelling of international carbon tax regimes **17** (1995) 133
C. Smith, S. Hall and N. Mabey

Oil futures prices and stock management: a cointegration analysis **17** (1995) 205
S. Balabanoff

The impact of VAT introduction on UK residential energy demand: an investigation using the cointegration approach **17** (1995) 237
R. Fouquet
Demand for gasoline in Kuwait: an empirical analysis using cointegration techniques **17** (1995) 249
M.N. Eltony and N.H. Al-Mutairi
Short- and long-run elasticities of gasoline demand in India: an empirical analysis using cointegration techniques **21** (1999) 321
R. Ramanathan
The message in North American energy prices **21** (1999) 471
A. Serletis and J. Herbert

Combined heat and power (CHP)

District heating and economic analysis – the French case **2** (1980) 154
P. Ramain
Combined heat and power economics **4** (1982) 276
I.M. Dobbs
Economic interpretation of the EFOM model **13** (1991) 143
P.E. Grohnheit

Commercial sector

An energy consumption forecast for the Soviet residential and commercial sector **13** (1991) 10
O.A. Nekrasova

Common trends

A cointegration analysis of petroleum futures prices **16** (1994) 93
A. Serletis

Comparative economics

Economics of coal transport by slurry pipeline versus unit train: a case study **6** (1984) 131
J.J. Kania

Comparative statics

Income and the recycling effort: a maximization problem **15** (1993) 33
C. Saltzman, V.G. Duggal and M.L. Williams

Competition

Competition, control and price formation in the international energy industry **11** (1989) 162
C. Bina
Investment in competitive electricity: scope for incentive contracts **16** (1994) 27
A.K. David and K.-p. Wong

Competitive bidding

Bidding for petroleum leases: recent Canadian experience **3** (1981) 182
G.C. Watkins and R. Kirkby

Competitive markets

Modelling energy technologies in a competitive market **15** (1993) 123
J.F. Clarke and J.A. Edmonds
Pricing of electricity tariffs in competitive markets **21** (1999) 213
J. Keppo and M. Räsänen

Competitiveness

An evaluation of the competitiveness of the US coal market **7** (1985) 3
A.L. Soyster, R.L. Gordon, E.E. Enscore and Y. We

Complementarity

Energy–capital substitutability/complementarity: the dichotomy **12** (1990) 48
B.E. Apostolakis

Component analysis

A new model for sustainable growth in the energy industry **15** (1993) 3
S. McFaddin and M. Clouse

Computable general equilibrium model

A dynamic macroeconomic model for Kuwait: analysis of the medium-term path **12** (1990) 289
M. Khorshid
The impact of a broad based energy tax on the US economy **13** (1991) 258
R. Boyd and N.D. Uri
An evaluation of the effects of the tax on refined petroleum products in the Philippines **15** (1993) 154
N.D. Uri and R. Boyd
The effects of energy taxes on the Kenyan economy: a CGE analysis **16** (1994) 205
H.H.H. Semboja
Carbon taxes and India **19** (1997) 289
K.A. Fisher-Vanden, P.R. Shukla, J.A. Edmonds, S.H. Kim and H.M. Pitcher
Economic modelling approaches to cost estimates for the control of carbon dioxide emissions **20** (1998) 101
Z.X. Zhang and H. Folmer

Conditional demand analysis

Auxiliary heating in the residential sector **10** (1988) 29
J.M. Reilly and S.A. Shankle

Conservation

The economics of energy conservation policies: a study of US primary copper production **1** (1979) 173
S.D. Hu and I. Zandi
Employment effects of energy conservation in the USA, 1978–85 **1** (1979) 194
D.C. Dacy, R.E. Kuenne and P. McCoy
An input–output analysis of Australian energy planning issues **3** (1981) 159
N.D. Karunaratne
Energy conservation in the UK **4** (1982) 83
G.F. Ray and J. Morel
Helium conservation and supply and demand projections in the USA **5** (1983) 58
B.-C. Liu
The IIED industrial energy conservation programme: an order of magnitude assessment **5** (1983) 232
M.S. Common
Helium conservation: supply and demand projections in the USA reconsidered **9** (1987) 93
N.D. Uri

Conservation tillage

Conservation tillage and the use of energy and other inputs in US agriculture **20** (1998) 389
N.D. Uri

Consumer behaviour

Petrol supplies and consumer expectations **5** (1983) 16
R.E. Martin
Lifecycle analysis of gasoline expenditure patterns **16** (1994) 217
L.A. Greening and H.T. Jeng
Household adjustment to gasoline price change: an analysis using 9 years of US survey data **21** (1999) 37
S.L. Puller and L.A. Greening

Consumer choice

Household ownership of electric room air conditioners **20** (1998) 375
I. Matsukawa and N. Ito

Consumption

Real incomes and the consumption of woodfuels in Ghana: an analysis of recent trends **12** (1990) 227
E.M. Abakah
Consumption preferences structure of Greek households **13** (1991) 163
V. Assimakopoulos and H.G. Domenikos

Contestability

Electricity distribution as an unsustainable natural monopoly: a potential outcome of New Zealand's regulatory regime **21** (1999) 385
C. Gunn

Contingent claims analysis

Petroleum taxation under uncertainty: contingent claims analysis with an application to Norway **14** (1992) 23
D. Lund

Conventional cooling

Conventional and solar cooling systems for Kuwait: an economic analysis **6** (1984) 259
S. Hammoudeh, S. Ayyash and R.K. Suri

Cooperation

Optimal acid rain abatement policy for Europe: an analysis for the year 2000 **17** (1995) 259
J.P. Hutton and G.E. Halkos

Corporate average fuel economy standards

Fuel economy standards in a model of automobile quality **21** (1999) 309
C. Plourde and V. Bardis

Cost–benefit analysis

Social cost–benefit analysis and nuclear futures **1** (1979) 66
D.W. Pearce
The economics of energy conservation policies: a study of US primary copper production **1** (1979) 173
S.D. Hu and I. Zandi
Optimal electricity supply reliability using customer shortage costs **5** (1983) 129
A.P. Sanghvi
The stochastic economics of windpower **17** (1995) 27
M. Beenstock

Cost-effectiveness

A cost comparison of alternative policies for sulphur dioxide control: the case of the British power plant sector **10** (1988) 287
H. Welsch
Estimation of the marginal abatement costs of airborne pollutants in Korea's power generation sector **21** (1999) 545
O.S. Kwon and W.-C. Yun

Cost functions

Is the gas supply market a natural monopoly? Econometric evidence from the British Gas regions **20** (1998) 223
P. Burns and T.G. Weyman-Jones

Cost-minimizing model

An evaluation of the competitiveness of the US coal market **7** (1985) 3
A.L. Soyster, R.L. Gordon, E.E. Enscore and Y. We

Costs

An aggregate model for energy costs: national product interdependence **4** (1982) 199
J.-E. Samouilidis and C.S. Mitropoulos
Regional employment impact of rapidly escalating energy costs **5** (1983) 105
D.X. Kolk
The economic cost of power outages in the industrial sector of Pakistan **11** (1989) 301
H.A. Pasha, A. Ghaus and S. Malik
A comparison of cost-based pricing rules for natural gas distribution utilities **15** (1993) 176
C.C. Klein
Modelling long-run cost minimization and environmental provisions for utility expansion **18** (1996) 49
E.-J. Wang, M. Jaraiedi and T.F. Torries

Crash

The horsepower crash to be expected in the USA **12** (1990) 89
E.F. Renshaw

Crude oil markets

The economics of oil supply dynamics: theory and practice **8** (1986) 237
S.A. Barrett
Inter-relationships between spot and sticky-price markets for crude oil: a diagrammatic analysis **12** (1990) 168
A.J. MacFadyen
Some general equilibrium effects of declining crude oil production in Australia **12** (1990) 242
L. Hogan and B. Naughten

Crude oil price

Changing crude oil price effects on US agricultural employment **18** (1996) 185
N.D. Uri

CSF intervention

The demand for energy in Greece: assessing the effects of the Community Support Framework 1994–1999 **19** (1997) 393
N.M. Christodoulakis and S.C. Kalyvitis

Cumulative output

Alternative scale measures and the behaviour of average costs in steam electric generation **13** (1991) 61
D.A. Fuller

Data

Rejoinder: Weather, the estimation of residential energy demand relationships: a comment **10** (1988) 324
J.H. Herbert

Rejoinder: Weather, the estimation of residential energy demand relationships and the reporting of data: a reply **10** (1988) 325
A.A. Rushdi

Data analysis

Residential energy use: analysis of disaggregate data **4** (1982) 74
E. Hirst, R. Goeltz and J. Carney

DEA

The efficiency of the National Electricity Board in Malaysia: an intercountry comparison using DEA **19** (1997) 255
J.M. Yunos and D. Hawdon

Decision-making

A process for decision-making on natural gas: fiscal competitiveness in reservoir development **9** (1987) 265
Paolo Fobelli

Production-sharing contracts and decision-making in oil production: the case of Indonesia **15** (1993) 245
P. Yusgiantoro and F.S.T. Hsiao

Decision support

A model-referenced procedure to support adversarial decision processes: application to electricity planning **14** (1992) 242
D.W. Bunn and K. Vlahos

Energy planning and environmental quality management: a decision support system approach **14** (1992) 302
B.-C. Liu, G.-H. Tzeng and C.-T. Hsieh

Decomposition analysis

Impacts of electricity rates on industrial location **10** (1988) 107
P. Nijkamp and A. Perrels

Decomposition of industrial energy consumption: an alternative method **14** (1992) 265
S.-H. Park

Decomposition of industrial energy consumption: some methodological and application issues **16** (1994) 83
B.W. Ang and S.Y. Lee

Decomposition of industrial energy consumption: the energy intensity approach **16** (1994) 163
B.W. Ang

Multilevel decomposition of industrial energy consumption **17** (1995) 39
B.W. Ang

Decomposition of industrial energy consumption: the energy coefficient approach **18** (1996) 129
B.W. Ang and P.W. Lee

Decomposition of energy-induced CO_2 emissions in manufacturing **19** (1997) 363
B.W. Ang and G. Pandiyan

Changes in energy consumption and energy intensity: a complete decomposition model **20** (1998) 85
J.W. Sun

Deforestation

Deforestation from the overexploitation of wood resources as a cooking fuel: a dynamic approach to pricing energy resources in Sudan **10** (1988) 163
R.M. Hassan and G. Hertzler
Deforestation from the overexploitation of wood resources as a cooking fuel: a comment on the optimal control model of Hassan and Hertzler **13** (1991) 81
R. Wiedenmann
Improved stoves in Sub-Saharan Africa: the case of the Sudan **19** (1997) 465
E.O. Zein-Elabdin

Demand

Synthetic demand functions for solar energy **4** (1982) 225
N. Manning and R. Rees
Assessing the need for power: a regional econometric model **4** (1982) 232
W.S. Chern and R.E. Just
Instability of electricity demand functions in the post-oil-embargo period **5** (1983) 267
R.J. Sutherland
State gasoline consumption in the USA: an econometric analysis **7** (1985) 29
A.-l. Lin, E.N. Botsas and S.A. Monroe
Variable elasticity models for electricity demand **7** (1985) 159
W.A. Donnelly and M. Diesendorf
Pattern of UK fuel use **7** (1985) 220
H. Motamen and C. Schaller
Multilevel demand subscription pricing for electric power **8** (1986) 199
H.-p. Chao, S.S. Oren, S.A. Smith and R.B. Wilson
A portfolio analysis model of the demand for nuclear power plants **8** (1986) 218
R.J. Sutherland
Time-of-use rates and peak period electricity consumption: an empirical note **8** (1986) 257
M.R. Veall
Residential demand for energy commodities: a household production function approach **9** (1987) 251
K.D. Willett and S. Naghshpour
Demand, cost and prices in duopoly **10** (1988) 117
J.L. Simon and J. Ben-Ur
A demand-determined model of the residual fuel oil market **10** (1988) 125
D.J. Green
Non-linear prices and energy demand **12** (1990) 27
A. Markandya and M. Pemberton
Demand for energy in rural and urban centres of Ethiopia: an econometric analysis **13** (1991) 130
A. Kidane
Measuring the consumer welfare effects of carbon penalties: theory and applications to household energy demand **14** (1992) 82
J.C. Dumagan and T.D. Mount
Socioeconomic development and electricity consumption: a cross-country analysis using the random coefficient method **17** (1995) 185
N.A. Burney
Optimal tariff design under consumer self-selection **19** (1997) 151
M. Räsänen, J. Ruusunen and R.P. Hämäläinen
Modelling and forecasting the demand for coal in China **19** (1997) 271
H.L. Chan and S.K. Lee

Demand elasticities

Residential demand for fuelwood — **7** (1985) 191
C. Garbacz
Estimates of energy and non-energy elasticities in selected Asian manufacturing sectors: policy implications — **9** (1987) 115
C.M. Siddayao, M. Khaled, J.G. Ranada and S. Saicheua
The reliability of aggregate energy demand functions: an application of statistical specification error tests — **11** (1989) 285
H. Welsch
Gasoline demand revisited: an international meta-analysis of elasticities — **20** (1998) 273
M. Espey

Demand-side conservation programmes

On the unprofitability of utility demand-side conservation programmes — **16** (1994) 46
F. Wirl

Demand uncertainty

Electricity equilibrium models with stochastic demands — **9** (1987) 227
N. Levin and J. Zahavi
Optimal timing of transmission line investments in the face of uncertain demand: an option valuation approach — **14** (1992) 3
S.H. Martzoukos and W. Teplitz-Sembitzky

Demographic trends

Economies of scale in energy use in adult-only households — **17** (1995) 301
D.S. Ironmonger, C.K. Aitken and B. Erbas

Denmark

Integrating the bottom-up and top-down approach to energy–economy modelling: the case of Denmark — **20** (1998) 443
H.K. Jacobsen

Dependency

Continuity and reversal in oil spot price movements — **9** (1987) 73
P.J.W.N. Bird

Depletion

Optimal drawdown patterns for strategic petroleum reserves — **1** (1979) 3
R.E. Kuenne, J.W. Blankenship and P.F. McCoy
Measuring the benefits from an innovation: an application to energy — **1** (1979) 47
G. Fishelson
Economic welfare with exhaustible natural resources: a two-sector model with an 'environmental' commodity — **1** (1979) 245
J.W. Mixon
The internalization of surface-mining externalities — **2** (1980) 161
M. Greenbaum and C.E. Harvey
Research and development of a backstop energy technology in a growing economy — **2** (1980) 199
D.F. Spulber
Allocation of exhaustible resources in oligopolistic markets: a dynamic game approach — **2** (1980) 208
D. Gottwald and W. Güth

Depletion policy and the de-industrialization of the UK economy **3** (1981) 71
T. Barker
Exploration decisions and firms in the mineral industries **3** (1981) 105
E.D. Attanasi
Models of resource markets and the explanation of resource price behaviour **3** (1981) 130
R.S. Pindyck
Exhaustible resource models and predictions of crude oil prices – some preliminary results **3** (1981) 169
K. Pakravan
Petroleum decline analysis using time series **3** (1981) 256
R.K. Mueller, D.J. Eggert and H.S. Swanson
Rate sensitivity and the optimal choice of production capacity of petroleum reservoirs **9** (1987) 37
A.N. Nystad
A hybrid economic–engineering model for natural gas production **21** (1999) 67
J.M. Chermak, J. Crafton, S.M. Norquist and R.H. Patrick

Deregulation

Deregulation as a switch of regime: price effects using a modified hotelling rule **7** (1985) 93
F. Melese and P. Michel
A dynamic model of natural gas deregulation **12** (1990) 35
M.K. Yücel
Deregulation of the Nordic power market and environmental policy **21** (1999) 417
E.S. Amundsen, A. Nesse and S. Tjøtta

Descriptive industrial analysis

Manufacturing sector carbon dioxide emissions in nine OECD countries, 1973–87: a Divisia index decomposition to changes in fuel mix, emission coefficients, industry structure, energy intensities and international structure **13** (1991) 168
A. Torvanger
Decomposition of aggregate carbon intensity for the manufacturing sector: comparison of declining trends from 10 OECD countries for the period 1971–1991 **20** (1998) 43
L.A. Greening, W.B. Davis and L. Schipper

Developing countries

The effect of oil price increases on four oil-poor developing countries: a comparative analysis **6** (1984) 59
H. Dick, S. Gupta, D. Vincent and H. Voigt
Energy–GDP relationship and capital intensity in LDCs **8** (1986) 113
D. Desai
Estimating energy and oil demand functions: a study of thirteen developing countries **12** (1990) 93
I.B. Ibrahim and C. Hurst
Decomposition of energy-induced CO_2 emissions in manufacturing **19** (1997) 363
B.W. Ang and G. Pandiyan

Development

Environmental constraints and a dynamic model for energy development **10** (1988) 18
H. Beladi and H.A. Zuberi
An exploratory stochastic framework to analyse the relationship between macro oil price shocks and economic development **11** (1989) 228
U.A. Kazi
Countries and companies – making a new deal? **12** (1990) 163
J.S. Jennings

Socioeconomic development and electricity consumption: a cross-country analysis using the random coefficient method **17** (1995) 185
N.A. Burney

Development-operating costs

Oil development-operating cost estimates, 1955–85 **11** (1989) 2
M.A. Adelman and M. Shahi

Development planning

A dynamic macroeconomic model for Kuwait: analysis of the medium-term path **12** (1990) 289
M. Khorshid

A model of the electricity market in the province of Québec: overview and results **14** (1992) 107
D. Bélanger and J.-T. Bernard

Development strategies

The energy constraint and development: consistency and optimality over time **5** (1983) 9
S.-H. Park and A.A. Kubursi

Diffusion

The car park: diffusion models revisited **18** (1996) 107
J.V. Greenman

Disaggregate choice model

The influence of modal choice on energy conservation strategies in transport: application of a logit model **13** (1991) 290
G.-H. Tzeng, J.-J. Chen and C.-J. Lan

Discounting

Computing the long-run incremental cost of capital intensive goods **1** (1979) 167
D.L. White

Discount rate for technology assessment: an application to the energy sector **6** (1984) 177
K.J. Stocks

Net benefit functions, discounting and the optimal time horizon for extracting non-replenishable resources **7** (1985) 163
K. Willett

The discount rate for a power station **11** (1989) 175
E. Dimson

Economic efficiency *v.* energy efficiency: do model conservation standards make good sense? **12** (1990) 122
M.J. Horowitz and H. Haeri

Discrete choice models

Modelling fuel-switching between natural gas and fuel oil in US manufacturing **11** (1989) 70
M.A. Beltramo

Discrete-continuous choice

Price sensitivity of residential energy consumption in Norway **21** (1999) 493
R. Nesbakken

Disequilibrium

Gasoline demand and supply under a disequilibrium market **6** (1984) 276
B.-M. Yang and T.-w. Hu
A demand-determined model of the residual fuel oil market **10** (1988) 125
D.J. Green

Disruption

The 'sub-trigger' crisis: an economic analysis of flexible stock policies **5** (1983) 178
R.G. Hubbard and R. Weiner

Distance function

Estimation of the marginal abatement costs of airborne pollutants in Korea's power generation sector **21** (1999) 545
O.S. Kwon and W.-C. Yun

Distillate fuel oil

Precautionary storage of refinery products: the case of distillate fuel oil **10** (1988) 254
M. Newton Lowry

Distribution parameters

Capital–energy substitution and the multi-level CES production function **16** (1994) 22
K.-P. Chang

District heating

District heating and economic analysis – the French case **2** (1980) 154
P. Ramain
District heating for the city of Ghent: results of a project appraisal study **4** (1982) 111
A. Verbruggen and P. van Speybroeck
A model of district heating using a CHP plant **5** (1983) 247
M. Marchand, S. Proost and E. Wilberz

Diversification

Factors that influence public utility performance **11** (1989) 219
H.D. Platt and J.B. Welch

Divisia indices

Defining 'total energy use' in economic studies: does the aggregation approach matter? **21** (1999) 485
J. Zarnikau

Domestic heating

The economics of house heating **2** (1980) 130
A. Scott

Domestic sector

Residential energy use: analysis of disaggregate data **4** (1982) 74
E. Hirst, R. Goeltz and J. Carney
Residential space heating: an analysis of energy conservation **5** (1983) 49
H.R. Isakson

Longitudinal working models: estimates of household energy consumption in Australia **6** (1984) 41
D. Ironmonger, I. Manning and T.V. Hoa
Household demand for energy in the UK **10** (1988) 59
D.N. Manning
Taxation of petroleum products: theory and empirical evidence **17** (1995) 101
S. Gupta and W. Mahler
Household energy efficiency in Ireland: a replication study of ownership of energy saving items **19** (1997) 187
S. Scott

Drilling

Oil development-operating cost estimates, 1955–85 **11** (1989) 2
M.A. Adelman and M. Shahi
An oil import fee and drilling activity in the USA **11** (1989) 158
E.F. Renshaw
Rejoinder: An oil import fee and drilling activity in the USA: a comment **12** (1990) 302
C.T. Jones
Rejoinder: An oil import fee and drilling activity in the USA: a reply **12** (1990) 305
E.F. Renshaw
Sources of change in productivity of petroleum exploration and development in the US onshore Louisiana, 1977–1994 **21** (1999) 261
O.O. Iledare and A.G. Pulsipher

Dual pricing

Dual *v.* uniform prices – an application **12** (1990) 18
P.R. Scholtès

Duopoly

Demand, cost and prices in duopoly **10** (1988) 117
J.L. Simon and J. Ben-Ur

Dynamic adjustment

A dynamic putty–semi-putty model of aggregate energy demand **11** (1989) 53
W.W. Hogan

Dynamic demand

Short- and long-term equilibria: relationships between first and third generation dynamic factor demand models **13** (1991) 2
G.C. Watkins
Electricity load and temperature: issues in dynamic specification **16** (1994) 235
J. Peirson and A. Henley

Dynamic model

Structural changes in residential electricity demand **10** (1988) 213
W.S. Chern and H.E. Bouis
Optimal capacity expansion of hydro power plants **11** (1989) 133
F. Wirl
A dynamic model of natural gas deregulation **12** (1990) 35
M.K. Yücel

Dynamic optimization

Deforestation from the overexploitation of wood resources as a cooking fuel: a dynamic approach to pricing energy resources in Sudan **10** (1988) 163
R.M. Hassan and G. Hertzler

Deforestation from the overexploitation of wood resources as a cooking fuel: a comment on the optimal control model of Hassan and Hertzler **13** (1991) 81
R. Wiedenmann

Dynamic pricing

Optimal tariff design under consumer self-selection **19** (1997) 151
M. Räsänen, J. Ruusunen and R.P. Hämäläinen

Dynamic programming

A model for exploration decisions **11** (1989) 189
H. Bjørstad, T. Hefting and G. Stensland

Eastern Europe

Energy consumption in Eastern Europe: a cross-sectional analysis **6** (1984) 2
R. Westoby and D. Pearce

Nuclear power in Eastern Europe: learning or forgetting curves? **15** (1993) 183
R. Sturm

Econometric methods

The price of oil and economic activity: a short-run model **4** (1982) 2
G. Fishelson

Assessing the need for power: a regional econometric model **4** (1982) 232
W.S. Chern and R.E. Just

Natural gas price elasticities: variations by region and by sector in the USA **5** (1983) 195
B.-C. Liu

Elasticities, ratios and energy modelling **7** (1985) 153
F.S.T. Hsiao and M.-C. Wang Hsiao

Interfuel substitution: results from several sectors of the Greek economy **8** (1986) 39
A.S. Vlachou and J.-E. Samouilidis

Major OECD country industrial sector interfuel substitution estimates, 1960–79 **8** (1986) 74
V.B. Hall

The search for oil in the USA: an econometric approach **8** (1986) 155
L.P. Drollas

Fuel consumption for road transport in Quebec **8** (1986) 165
K.J. Parbhakar

Household demand for energy in the UK **10** (1988) 59
D.N. Manning

Structural changes in residential energy demand **10** (1988) 206
R.H. Dunstan and R.H. Schmidt

The sensitivity of consumption of oil products to price changes: an econometric investigation **10** (1988) 261
J. Sandbach

The impact of oil-export dependency on a developing country: the case of Algeria **11** (1989) 247
J. Heidarian and R.D. Green

Demand for non-energy petroleum products: the case of Québec **12** (1990) 177
D. Bélanger, J.-T. Bernard and R. Dubois

Demand for gasoline in the GCC: an application of pooling and testing procedures **18** (1996) 203
M.N. Eltony
Optimal tariff design under consumer self-selection **19** (1997) 151
M. Räsänen, J. Ruusunen and R.P. Hämäläinen
Industrial energy substitution during the 1980s in the Greek economy **19** (1997) 476
Y.D. Caloghirou, A.G. Mourelatos and H. Thompson

Economic costs

Economic costs of electricity supply interruptions: US and foreign experience **4** (1982) 180
A.P. Sanghvi

Economic effects

On measuring the effects of higher energy prices **4** (1982) 218
A.E. Bopp and G.M. Lady

Economic efficiency

The pricing and allocation of electrical energy **6** (1984) 94
N.D. Uri
Marginal cost pricing revisited **13** (1991) 245
G. Schramm
Time-of-use rates *v.* Hopkinson tariffs redux: an analysis of the choice of rate structures in a regulated electricity distribution company **19** (1997) 169
D. Seeto, C.K. Woo and I. Horowitz

Economic forecasting

A model for forecasting the economic and environmental impact of energy policy **6** (1984) 167
C.C. Harris, V.D. McConnell and J.H. Cumberland

Economic growth

Optimal drawdown patterns for strategic petroleum reserves **1** (1979) 3
R.E. Kuenne, J.W. Blankenship and P.F. McCoy
Fuel substitution and price response in UK industry **1** (1979) 93
E. Bossanyi and J. Stanislaw
Energy policy formulation for Pakistan: an optimization approach **3** (1981) 191
T. Riaz
Energy investment and economic growth: a simplified approach **5** (1983) 237
J.-E. Samouilidis and C.S. Mitropoulos
The energy demand elasticity in relation to gross domestic product: a relevant indicator? **8** (1986) 29
P. Ramain
Energy and economic growth: a case study of Pakistan **9** (1987) 195
T. Riaz
Electricity consumption and economic growth in Jamaica **12** (1990) 65
H. Ramcharran
Optimal economic growth when CO_2 constraints are critical **14** (1992) 192
H.W. Gottinger
Long-term macroeconomic estimate of energy consumption **14** (1992) 271
O.A. Eismont

Economic performance

Energy taxes and economic performance: a regional general equilibrium analysis **11** (1989) 153
A.C. Fisher and K.A. Despotakis

Economic reappraisal

The Brazilian National Alcohol Programme: an economic reappraisal and adjustments **10** (1988) 229
R. Seróa da Motta and L. da Rocha Ferreira

Economics

Economic oil stockpiles: analytical solution for minima **4** (1982) 29
E.G. Read

A thermodynamic approach to economics **4** (1982) 36
J. Bryant

The economics of house heating: further findings **4** (1982) 134

Rational expectations, risk and efficiency in energy futures markets **13** (1991) 111
A. Serletis
The efficiency of the National Electricity Board in Malaysia: an intercountry comparison using DEA **19** (1997) 255
J.M. Yunos and D. Hawdon

Efficiency and income distribution

Optimal deviations from marginal pricing in the oil products' market **12** (1990) 232
M. Strawczynski

Efficiency prices

Oil prices without OPEC: a walk on the supply-side **5** (1983) 164
J. Roumasset, D. Isaak and F. Fesharaki

Efficient pricing

Short-run versus long-run marginal cost pricing **10** (1988) 283
A.P. Della Valle

Elasticities and forecasts

The impact of VAT introduction on UK residential energy demand: an investigation using the cointegration approach **17** (1995) 237
R. Fouquet

Elasticity

Elasticities – science or fiction? **3** (1981) 66
G. Kouris
Implied elasticities in some UK energy projections **3** (1981) 153
M.S. Common
The price of oil and economic activity: a short-run model **4** (1982) 2
G. Fishelson
A model of residential demand for electricity using a national household sample **5** (1983) 124
C. Garbacz
Market conditions and future oil prices **5** (1983) 190
G.C. Ruggeri
Longitudinal working models: estimates of household energy consumption in Australia **6** (1984) 41
D. Ironmonger, I. Manning and T.V. Hoa
Modelling the energy–output ratio **6** (1984) 47
J.L.R. Proops
Domestic fuel expenditure: an analysis of three national surveys **6** (1984) 52
S. Hutton
On energy coefficients and ratios **6** (1984) 102
T.-H. Nguyen

Power system economics: the value of natural gas in electricity generation **6** (1984) 245
M.G. Webb and N.M. Pinto
Gasoline demand and supply under a disequilibrium market **6** (1984) 276
B.-M. Yang and T.-w. Hu
Elasticities, ratios and energy modelling **7** (1985) 153
F.S.T. Hsiao and M.-C. Wang Hsiao
Variable elasticity models for electricity demand **7** (1985) 159
W.A. Donnelly and M. Diesendorf
A nested CES approach to capital–energy substitution **8** (1986) 22
M. Prywes
The energy demand elasticity in relation to gross domestic product: a relevant indicator? **8** (1986) 29
P. Ramain
A cross-sectional analysis of energy–output correlation **9** (1987) 274
B.W. Ang
Rejoinder: The demand for gasoline: a comment on the cross-section analysis by Drollas **9** (1987) 287
J.S. Wabe
Rejoinder: The demand for gasoline: reply **9** (1987) 289
L.P. Drollas
GCC energy demand outlook to 2000 **10** (1988) 42
M.A. Al-Sahlawi
Income and price elasticities of energy consumption in Egypt: a time-series analysis **10** (1988) 47
G. Abdel-Khalek
Domestic appliance energy usage in Western Australia **10** (1988) 155
P. Goldschmidt
Gasoline demand: the case of Saudi Arabia **10** (1988) 271
M.A. Al-Sahlawi
Application of the translog model of energy substitution to developing countries: the case of Korea **10** (1988) 313
B.C. Kim and W.C. Labys
Modelling fuel-switching between natural gas and fuel oil in US manufacturing **11** (1989) 70
M.A. Beltramo
On the variable elasticity of the demand for gasoline: the case of the USA **12** (1990) 132
Y. Hsing
Modelling state energy consumption: forecasts for Florida, 1987–2006 **12** (1990) 216
S.V. Berg and P. Loungani
A statistical analysis of energy coefficients **13** (1991) 93
B.W. Ang
Analysing gasoline demand elasticities: a survey **13** (1991) 203
C. Dahl and T. Sterner
The dynamic stability of OPEC's oil price mechanism **14** (1992) 65
S. Hammoudeh and V. Madan
Short- and long-run elasticities in energy demand: a cointegration approach **15** (1993) 9
J. Bentzen and T. Engsted
Residential energy demand: additional empirical evidence by minority household type **15** (1993) 93
D.A. Poyer and M. Williams
Quasi-experimental taxation elasticities of US gasoline demand **16** (1994) 133
R.K. Goel
An empirical analysis of gasoline demand in Denmark using cointegration techniques **16** (1994) 139
J. Bentzen
Assessing a disaggregated energy input: using confidence intervals around translog elasticity estimates **17** (1995) 125
J.J. Hisnanick and B.L. Kyer

Decomposition of industrial energy consumption: the energy coefficient approach **18** (1996) 129
B.W. Ang and P.W. Lee

Elasticity of substitution

An exploratory stochastic framework to analyse the relationship between macro oil price shocks and economic development **11** (1989) 228
U.A. Kazi
Impacts of technological change on factor substitution between energy and other inputs within US agriculture, 1950–79 **12** (1990) 2
D.L. Debertin, A. Pagoulatos and A. Aoun

Electric demand modelling

A model of the electricity market in the province of Québec: overview and results **14** (1992) 107
D. Bélanger and J.-T. Bernard

Electric utility

Efficiency aspects of electric utility coal operations **4** (1982) 127
J.J. Gonzales
The Averch–Johnson model with Leontief production functions: extensions and applications **4** (1982) 169
F.H. Murphy and A.L. Soyster
Scale economies and capacity utilization: the importance of relative fuel prices **10** (1988) 140
D.E. Coates and J.G. Mulligan
A model of the electricity market in the province of Québec: overview and results **14** (1992) 107
D. Bélanger and J.-T. Bernard
The impact of economic regulation on attempts to curb expense preference behavior: a micro-data analysis of CEO compensation schemes for electric utilities **21** (1999) 185
F.G. Mixon Jr. and K.P. Upadhyaya

Electricity

The pricing of off-peak power **1** (1979) 144
E.F. Renshaw
Expected welfare gains from peak-load electricity charges **2** (1980) 37
E.F. Renshaw
High temperature geothermal energy supply forecasts for the USA **2** (1980) 223
P.K. McDevitt and K.R. Nowotny
Marginal generating costs of multi-block power systems with and without partial outages **3** (1981) 91
D. Feiler and J. Zahavi
The welfare economics of optional seasonal time-of-day electricity tariffs **3** (1981) 102
J.T. Wenders
Optimal electricity supply: reliability, pricing and system planning **3** (1981) 140
M. Munasinghe
A proposal for peak load pricing of public utilities **3** (1981) 187
Y.C. Peles
Residential demand for electricity **3** (1981) 249
J. Wills
Causal responsibility and peak load pricing **4** (1982) 246
S.V. Berg
Optimal reserve capacities for electricity generation: a stochastically based risk–benefit approach **4** (1982) 251
S.P. Mauch and P. Marti
Combined heat and power economics **4** (1982) 276
I.M. Dobbs

Television peaks in electricity demand **5** (1983) 31
D.W. Bunn and J.P. Seigal
A model of residential demand for electricity using a national household sample **5** (1983) 124
C. Garbacz
Rejoinder: Peak load pricing of public utilities: some comments **5** (1983) 137
M.A. Crew and P.R. Kleindorfer
Rejoinder: Peak load pricing of public utilities: reply **5** (1983) 137

Manufacturing energy use in eight OECD countries: decomposing the impacts of changes in output, industry structure and energy intensity **13** (1991) 135
R.B. Howarth, L. Schipper, P.A. Duerr and S. Strøm
Manufacturing sector carbon dioxide emissions in nine OECD countries, 1973–87: a Divisia index decomposition to changes in fuel mix, emission coefficients, industry structure, energy intensities and international structure **13** (1991) 168
A. Torvanger
Industry energy use and structural change: a case study of The People's Republic of China **15** (1993) 131
J.-p. Huang
Energy and economic growth in the USA: a multivariate approach **15** (1993) 137
D.I. Stern
Decomposition of aggregate carbon intensity for the manufacturing sector: comparison of declining trends from 10 OECD countries for the period 1971–1991 **20** (1998) 43
L.A. Greening, W.B. Davis and L. Schipper
Decomposition of aggregate carbon intensity for freight: trends from 10 OECD countries for the period 1971–1993 **21** (1999) 331
L.A. Greening, M. Ting and W.B. Davis

Engineering–economic approach

An engineering–economic approach to estimating the price elasticity of residential electricity demand **8** (1986) 118
E. Kahn, J. Sathaye and D. Robbins

The ISTUM-PC model: trial application to the British Columbia pulp and paper industry **12** (1990) 185
M. Jaccard and J. Roop

Enhanced recovery

The economics of oil supply dynamics: theory and practice **8** (1986) 237
S.A. Barrett

Entropy measure

Diversification of primary energy consumption in six West European countries: quantification and analysis by means of measures of concentration **15** (1993) 239
L. van Hove

Environment

A model for forecasting the economic and environmental impact of energy policy **6** (1984) 167
C.C. Harris, V.D. McConnell and J.H. Cumberland
Optimal economic growth when CO_2 constraints are critical **14** (1992) 192
H.W. Gottinger
Conceptual energy and environmental problems of economic policy in the former USSR **15** (1993) 273
A.S. Nekrasov
Input–output simulations of energy, environment, economy interactions in the UK **17** (1995) 73
D. Hawdon and P. Pearson
Economic growth, international competitiveness and environmental protection: R & D and innovation strategies with the WARM model **19** (1997) 2
C. Carraro and M. Galeotti

Environmental constraints

Environmental constraints and a dynamic model for energy development **10** (1988) 18
H. Beladi and H.A. Zuberi

Environmental policy

Climate modelling and policy strategies: the role of technical change and uncertainty **20** (1998) 463
C. Carraro and J.C. Hourcade
Deregulation of the Nordic power market and environmental policy **21** (1999) 417
E.S. Amundsen, A. Nesse and S. Tjøtta

Environmental regulation

Second-best energy policies for heterogeneous firms **21** (1999) 111
E. Verhoef and P. Nijkamp

Environmental tax

Export of Norwegian hydropower under a common European regime of environmental taxes **16** (1994) 271
E. Schrøder Amundsen, J. Bjørndalen and H. Rasmussen
Are environmental taxes a free lunch? Issues in modelling the macroeconomic effects of carbon taxes **19** (1997) 29
N. Mabey and J. Nixon

EPA auction

The US SO_2 auction: analysis and generalization **21** (1999) 403
G.T. Svendsen and J.L. Christensen

Equilibrium models

Electricity equilibrium models with stochastic demands **9** (1987) 227
N. Levin and J. Zahavi

The capital–energy controversy: further results **11** (1989) 201
A.A. Kintis and E.E. Panas

Short- and long-term equilibria: relationships between first and third generation dynamic factor demand models **13** (1991) 2
G.C. Watkins

Error correction models

Symmetric or asymmetric price adjustments in the oil market: an empirical analysis of the relations between international and domestic prices in the Federal Republic of Germany, 1972–89 **14** (1992) 171
G. Kirchgässner and K. Kübler

An empirical analysis of gasoline demand in Denmark using cointegration techniques **16** (1994) 139
J. Bentzen

Short- and long-run elasticities in US residential electricity demand: a co-integration approach **19** (1997) 493
J.I. Silk and F.L. Joutz

Short- and long-run elasticities of gasoline demand in India: an empirical analysis using cointegration techniques **21** (1999) 321
R. Ramanathan

The message in North American energy prices **21** (1999) 471
A. Serletis and J. Herbert

Risk management in the oil industry: can information on long-run equilibrium prices be utilized? **21** (1999) 517
O. Gjølberg and T. Johnsen

Estimation

Estimating energy savings due to conservation programmes: the BPA residential weatherization pilot programme **7** (1985) 20
E. Hirst and R. Goeltz

A nested CES approach to capital–energy substitution **8** (1986) 22
M. Prywes

Domestic appliance energy usage in Western Australia **10** (1988) 155
P. Goldschmidt

Modelling fuel-switching between natural gas and fuel oil in US manufacturing **11** (1989) 70
M.A. Beltramo

The capitalist world aggregate supply and demand model for natural uranium **17** (1995) 211
V.H.S. Amavilah

Estimated substitution elasticities of a nested CES production function approach for Germany **20** (1998) 249
C. Kemfert

Ethanol

The social viability of ethanol production in Brazil **9** (1987) 176
R. Serôa da Motta

The Brazilian National Alcohol Programme: an economic reappraisal and adjustments **10** (1988) 229
R. Serôa da Motta and L. da Rocha Ferreira

European Community

Gas trade in the European Community during the 1970s: a model analysis **7** (1985) 102
J. Boucher and Y. Smeers
A carbon tax to reduce CO_2 emissions in Europe **14** (1992) 279
P. Agostini, M. Botteon and C. Carraro

Event study

Election returns as a signal of changing regulatory climate **13** (1991) 48
M.R. Butler and E.M. McNertney

Exchange rate

Petrol price asymmetries revisited **20** (1998) 297
B. Reilly and R. Witt

Exergy

Effect of an essential input on isoquants and substitution elasticities **7** (1985) 194
S. Islam

Exhaustible resources

Estimation of user's cost for a depletable resource such as oil **6** (1984) 35
K. Pakravan
Net benefit functions, discounting and the optimal time horizon for extracting non-replenishable resources **7** (1985) 163
K. Willett
Exploration and taxation: some normative issues **7** (1985) 237
S.D. Flåm and G. Stensland
Resource extraction of imperfect substitutes **10** (1988) 242
F. Wirl

Expected demand

Ordered logit model for residential electricity demand in Korea **15** (1993) 205
T.Y. Jung

Exploration

Exploration and taxation: some normative issues **7** (1985) 237
S.D. Flåm and G. Stensland
The economics of oil supply dynamics: theory and practice **8** (1986) 237
S.A. Barrett
A model for exploration decisions **11** (1989) 189
H. Bjørstad, T. Hefting and G. Stensland

Externalities

The demand for energy in Greece: assessing the effects of the Community Support Framework 1994–1999 **19** (1997) 393
N.M. Christodoulakis and S.C. Kalyvitis

Extraction costs

Long-term macroeconomic estimate of energy consumption **14** (1992) 271
O.A. Eismont

Factor returns

Impact of higher energy prices on wage rates, return to capital, energy intensity and productivity: a regional profit specification — **8** (1986) 171
D.C. Mountain

Factor substitution

Energy conservation in electricity generation: a case study of the electricity and water industry in Kuwait — **18** (1996) 69
N.A. Burney and F.T. Al-Matrouk

Final and primary energy

Energy and CO_2 emissions in Spain: methodology of analysis and some results for 1980–90 — **17** (1995) 221
V. Alcántara and J. Roca

Final demand

An input–output framework for analysing energy consumption — **4** (1982) 105
S.-H. Park

Finance and investment

Probabilistic production costing under integrated operation agreements and joint power agency financing — **14** (1992) 200
B.G. Thomas and D.C. Hall

Financial performance

Regulator selection and financial performance for public utilities: selection method and the returns experienced by common equity owners — **11** (1989) 39
H.L. Brewer and P.C. Mann

Fiscal competitiveness

A process for decision-making on natural gas: fiscal competitiveness in reservoir development — **9** (1987) 265
Paolo Fobelli

Fiscal reforms

Economic growth, international competitiveness and environmental protection: R & D and innovation strategies with the WARM model — **19** (1997) 2
C. Carraro and M. Galeotti

Florida

Modelling state energy consumption: forecasts for Florida, 1987–2006 — **12** (1990) 216
S.V. Berg and P. Loungani

Fluctuating production

The regulating power market on the Nordic power exchange Nord Pool: an econometric analysis — **21** (1999) 295
K. Skytte

Forecasting

Multivariate Box–Jenkins analysis: a case study in UK energy demand forecasting **7** (1985) 168
M.P.G. Pepper
Forecasting Canadian nuclear power station construction costs **7** (1985) 241
C.W.K. Keng
GCC energy demand outlook to 2000 **10** (1988) 42
M.A. Al-Sahlawi
Changes in business-as-usual forecasts in a petroleum trade model **11** (1989) 11
R. Lee and S. Das
Residential energy demand modelling in developing regions: the use of multivariate statistical techniques **14** (1992) 57
V. Assimakopoulos
Forecasting weekly electricity consumption: a case study **15** (1993) 285
J.V. Ringwood, P.C. Austin and W. Monteith
Forecasting nuclear power supply with Bayesian autoregression **16** (1994) 185
R. Beck and J.L. Solow
A regional linear logit fuel demand model for electric utilities **18** (1996) 295
C.E. Moody

Forecasting error analysis

A total energy demand model of Québec: forecasting properties **17** (1995) 163
E. Arsenault, J.-T. Bernard, C.W. Carr and E. Genest-Laplante

Former USSR

Conceptual energy and environmental problems of economic policy in the former USSR **15** (1993) 273
A.S. Nekrasov

Forward recursion

A capacity growth input–output model with forward recursive solution **17** (1995) 3
E.W. Henry

Fuel

Clean air and renewable fuels: the market for fuel ethanol in the US from 1984 to 1993 **20** (1998) 325
K.N. Rask

Fuel conservation

The demand for petrol with explicit new car fuel efficiency effects: a UK study 1977–86 **11** (1989) 95
P. Rice and P. Frater

Fuel demand

Fuel consumption for road transport in the USA **5** (1983) 89
G. Kouris
Fuel consumption for road transport in Quebec **8** (1986) 165
K.J. Parbhakar
Fuel demand in electricity generation: a case study of the Republic of Korea **12** (1990) 137
C.-S. Suh

Fuel efficiency

The horsepower crash to be expected in the USA **12** (1990) 89
E.F. Renshaw

Fuel expenditure

Domestic fuel expenditure: an analysis of three national surveys **6** (1984) 52
S. Hutton

Fuel intensity

Factors affecting CO_2 intensities of power sector in Asia: a Divisia decomposition analysis **18** (1996) 283
R.M. Shrestha and G.R. Timilsina

SO_2 emission intensities of the power sector in Asia: effects of generation-mix and fuel-intensity changes **19** (1997) 355
R.M. Shrestha and G.R. Timilsina

Fuel prices

Analysing gasoline demand elasticities: a survey **13** (1991) 203
C. Dahl and T. Sterner

The capitalist world aggregate supply and demand model for natural uranium **17** (1995) 211
V.H.S. Amavilah

Fuel reprocessing

The economics of nuclear fuel reprocessing: a case study of the Windscale THORP plant **3** (1981) 202
P. Jones and D. Pearce

Fuel substitution

Fuel substitution and price response in UK industry **1** (1979) 93
E. Bossanyi and J. Stanislaw

Energy substitution in the UK, 1948–64 **1** (1979) 241
N.D. Uri

The economics of house heating **2** (1980) 130
A. Scott

Research and development of a backstop energy technology in a growing economy **2** (1980) 199
D.F. Spulber

Capital stock rotation, conservation and fuel substitution in the UK industrial steam-raising market **5** (1983) 218
J.H. Chesshire and M.J. Robson

Interfuel substitution: results from several sectors of the Greek economy **8** (1986) 39
A.S. Vlachou and J.-E. Samouilidis

A simulation model of interfuel substitution in the industrial boiler market **9** (1987) 17
J. Skea

The economics of fuel choice at US electric utilities **12** (1990) 82
A.E. Bopp and D. Costello

Fuel switching

The rise and fall of oil generation in the USA: a study in institutional adaptability **7** (1985) 66
R.L. Gordon

Fuelwood

Residential demand for fuelwood **7** (1985) 191
C. Garbacz

Improved stoves in Sub-Saharan Africa: the case of the Sudan **19** (1997) 465
E.O. Zein-Elabdin

Funding

Financing waste to energy plants **14** (1992) 233
A. Woodward

Futures

Rational expectations, risk and efficiency in energy futures markets **13** (1991) 111
A. Serletis

Futures market

On the 'efficiency' of futures markets: another view **10** (1988) 199
A.E. Bopp and S. Sitzer
Market information and price volatility in petroleum derivatives spot and futures markets: some New York evidence **15** (1993) 17
S.M.K. Nainar
Convergence to the long-run equilibrium: the case of natural gas markets **21** (1999) 95
D. Lien and T.H. Root

Futures prices

A comparison of petroleum futures versus spot prices as predictors of prices in the future **13** (1991) 274
A.E. Bopp and G.M. Lady
Oil futures prices and stock management: a cointegration analysis **17** (1995) 205
S. Balabanoff
Trading volume, maturity and natural gas futures price volatility **17** (1995) 293
J.H. Herbert

Game theory

Competition between energy and agricultural production: a discussion of a country's best strategies **13** (1991) 199
G. De Martino Jannuzzi

Gas

A marginalist approach to pricing US natural gas **2** (1980) 172
R. Smiley
Industrial demand for natural gas: inter-industry variation in New York State **5** (1983) 171
J.M. Gowdy
Peak-pricing and self-rationing of gas **9** (1987) 99
C.M. Cannon
Distributional impacts of oil and gas tax reforms **10** (1988) 235
A. Rose and B. Stevens
Spatially analysing the impact of a 'no new nukes' policy on European natural gas markets **11** (1989) 262
C. Dahl
Countries and companies – making a new deal? **12** (1990) 163
J.S. Jennings
Productivity changes in the Gas and Fuel Corporation of Victoria **16** (1994) 36
A. Rushdi

Gas development

Optimal development planning of gas reserves **18** (1996) 25
J. Boucher and Y. Smeers

Gas market

Gas trade in the European Community during the 1970s: a model analysis **7** (1985) 102
J. Boucher and Y. Smeers

Gas oil

Continuity and reversal in oil spot price movements **9** (1987) 73
P.J.W.N. Bird

Gas pricing

Optimal development planning of gas reserves **18** (1996) 25
J. Boucher and Y. Smeers

Gasoline

State gasoline consumption in the USA: an econometric analysis **7** (1985) 29
A.-l. Lin, E.N. Botsas and S.A. Monroe
Gasoline demand: the case of Saudi Arabia **10** (1988) 271
M.A. Al-Sahlawi

Gasoline consumption

Gasoline consumption and the stock of motor vehicles: an empirical analysis for the Swiss economy **10** (1988) 276
W. Wasserfallen and H. Güntensperger

Gasoline demand

The demand for gasoline: further evidence **6** (1984) 71
L.P. Drollas
Rejoinder: The demand for gasoline: a comment on the cross-section analysis by Drollas **9** (1987) 287
J.S. Wabe
Rejoinder: The demand for gasoline: reply **9** (1987) 289
L.P. Drollas
On the variable elasticity of the demand for gasoline: the case of the USA **12** (1990) 132
Y. Hsing
Analysing gasoline demand elasticities: a survey **13** (1991) 203
C. Dahl and T. Sterner
Quasi-experimental taxation elasticities of US gasoline demand **16** (1994) 133
R.K. Goel
An empirical analysis of gasoline demand in Denmark using cointegration techniques **16** (1994) 139
J. Bentzen
Lifecycle analysis of gasoline expenditure patterns **16** (1994) 217
L.A. Greening and H.T. Jeng
Demand for gasoline in Kuwait: an empirical analysis using cointegration techniques **17** (1995) 249
M.N. Eltony and N.H. Al-Mutairi
Demand for gasoline in the GCC: an application of pooling and testing procedures **18** (1996) 203
M.N. Eltony
Gasoline demand revisited: an international meta-analysis of elasticities **20** (1998) 273
M. Espey
Aggregate impacts of the proposed reduction in the motor fuels excise tax in the United States **20** (1998) 309
N.D. Uri and R. Boyd
Household adjustment to gasoline price change: an analysis using 9 years of US survey data **21** (1999) 37
S.L. Puller and L.A. Greening

Short- and long-run elasticities of gasoline demand in India: an empirical analysis using cointegration techniques **21** (1999) 321
R. Ramanathan

Gasoline price elasticity

Effect of the 1973 oil price embargo: a non-parametric analysis **15** (1993) 39
R.K. Goel and M.J. Morey

Gasoline prices

Rockets and feathers: the asymmetric speed of adjustment of UK retail gasoline prices to cost changes **13** (1991) 211
R.W. Bacon
Retail price asymmetries in local gasoline markets **18** (1996) 81
K.T. Duffy-Deno

GCC

GCC energy demand outlook to 2000 **10** (1988) 42
M.A. Al-Sahlawi
Demand for gasoline in the GCC: an application of pooling and testing procedures **18** (1996) 203
M.N. Eltony

GDP

Energy use and structural changes: factors behind the fall in Sweden's energy output ratio **4** (1982) 21
G. Östblom
Energy and economic growth in the USA: a multivariate approach **15** (1993) 137
D.I. Stern
An investigation of co-integration and causality between energy consumption and economic activity in Taiwan **19** (1997) 435
B.S. Cheng and T.W. Lai

General equilibrium

An equilibrium theory of economics **1** (1979) 102
J. Bryant
The demand for energy in the UK: a general equilibrium analysis **8** (1986) 90
M. Beenstock and A. Dalziel
Economic effects of a carbon tax: with a general equilibrium illustration for Belgium **14** (1992) 136
S. Proost and D. Van Regemorter
A computable general equilibrium model of energy, economy and equity interactions in Pakistan **20** (1998) 347
F. Naqvi

General equilibrium analysis

Energy taxes and economic performance: a regional general equilibrium analysis **11** (1989) 153
A.C. Fisher and K.A. Despotakis

General equilibrium models

A general equilibrium framework for optimal planning in an oil-producing economy **7** (1985) 179
H.R. Seddighi
Macroeconomic and sectoral impacts of carbon taxation: a case for the Japanese economy **17** (1995) 277
N. Goto

Applied general equilibrium models for energy studies: a survey **18** (1996) 145
S.C. Bhattacharyya
Welfare effects of emission taxes in Norway **18** (1996) 335
J. Aasness, T. Bye and H.T. Mysen
The synthesis of bottom-up and top-down in energy policy modeling **20** (1998) 233
C. Böhringer

Generation mix

Factors affecting CO_2 intensities of power sector in Asia: a Divisia decomposition analysis **18** (1996) 283
R.M. Shrestha and G.R. Timilsina
SO_2 emission intensities of the power sector in Asia: effects of generation-mix and fuel-intensity changes **19** (1997) 355
R.M. Shrestha and G.R. Timilsina

Generators

Generators and the cost of electricity outages **13** (1991) 283
M. Beenstock

Geometric distributed lag model

A dynamic model for correcting quarterly electricity consumption data **14** (1992) 186
T. El

Geothermal energy

Cost–benefit analyses for the development of magma power **14** (1992) 255
J. Haraden

Geothermal supply

High temperature geothermal energy supply forecasts for the USA **2** (1980) 223
P.K. McDevitt and K.R. Nowotny

Germany

Estimated substitution elasticities of a nested CES production function approach for Germany **20** (1998) 249
C. Kemfert

Global energy

Competition, control and price formation in the international energy industry **11** (1989) 162
C. Bina

Global model

A long-term global energy–economic model of carbon dioxide release from fossil fuel use **5** (1983) 74
J. Edmonds and J. Reilly

Global warming

Economic effects of a carbon tax: with a general equilibrium illustration for Belgium **14** (1992) 136
S. Proost and D. Van Regemorter
Indices for comparing greenhouse gas emissions: integrating science and economics **18** (1996) 265
M. Kandlikar
Climate modelling and policy strategies: the role of technical change and uncertainty **20** (1998) 463
C. Carraro and J.C. Hourcade

GNP

The relationship between energy and GNP: further results **6** (1984) 186
E.S.H. Yu and B.-K. Hwang
The impact of oil revenues on the OPEC economy **11** (1989) 242
M. Shams

Government control

Power shifts: the dynamics of energy efficiency **20** (1998) 513
O. Edenhofer and C.C. Jaeger

Greece

Energy and economic growth in industrializing countries: the case of Greece **6** (1984) 191
J.-E. Samouilidis and C.S. Mitropoulos
Interfuel substitution: results from several sectors of the Greek economy **8** (1986) 39
A.S. Vlachou and J.-E. Samouilidis
Productivity in the vertically integrated system of the Greek electricity utility, 1970–85 **11** (1989) 119
P.G. Efthymoglou and A.S. Vlachou
Energy demand in Greece: the impact of the two energy crises **11** (1989) 147
G.S. Donatos and G.J. Mergos
Energy in the Greek economy: a total energy approach at the macro level **12** (1990) 269
Y.E. Papatheodorou
Residential demand for electricity: the case of Greece **13** (1991) 41
G.S. Donatos and G.J. Mergos
Consumption preferences structure of Greek households **13** (1991) 163
V. Assimakopoulos and H.G. Domenikos
Residential energy demand modelling in developing regions: the use of multivariate statistical techniques **14** (1992) 57
V. Assimakopoulos

Greenhouse effects

Global warming and carbon taxation: optimal policy and the role of administration costs **17** (1995) 319
M. Williams
Indices for comparing greenhouse gas emissions: integrating science and economics **18** (1996) 265
M. Kandlikar
The Page95 model: integrating the science and economics of global warming **19** (1997) 77
E.L. Plambeck, C. Hope and J. Anderson
Short-term decisions under long-term uncertainty **20** (1998) 557
R.S.J. Tol

Growth

The energy–GDP relationship in developing countries: empirical evidence and stability tests **3** (1981) 244
B.-Z. Zilberfarb and F.G. Adams
The macrodynamics of energy shocks, short- and long-run **6** (1984) 21
H.D. Saunders

Gulf conflict

Price discovery in oil markets: a time varying analysis of the 1900–91 Gulf conflict **18** (1996) 231
A.J. Foster

Hawaii

An integrated energy planning model for Hawaii **6** (1984) 117
P.S. Leung and G.J.Y. Hsu

Heat pumps

The influence of an increase in electricity tariffs on the viability of heat pumps against direct heating for large consumers of hot water in South Africa **13** (1991) 238
J.P. Meyer and G.P. Greyvenstein

Heating oil prices

On the 'efficiency' of futures markets: another view **10** (1988) 199
A.E. Bopp and S. Sitzer

Helium

Helium conservation and supply and demand projections in the USA **5** (1983) 58
B.-C. Liu

Helium conservation: supply and demand projections in the USA reconsidered **9** (1987) 93
N.D. Uri

Herfindahl index

Diversification of primary energy consumption in six West European countries: quantification and analysis by means of measures of concentration **15** (1993) 239
L. van Hove

Heterogeneous firms

Second-best energy policies for heterogeneous firms **21** (1999) 111
E. Verhoef and P. Nijkamp

Home heating

Auxiliary heating in the residential sector **10** (1988) 29
J.M. Reilly and S.A. Shankle

Horsepower

The horsepower crash to be expected in the USA **12** (1990) 89
E.F. Renshaw

Hotelling rule

Deregulation as a switch of regime: price effects using a modified hotelling rule **7** (1985) 93
F. Melese and P. Michel

Oil pricing policies and macroeconomy for an oil-based economy **8** (1986) 251
M. Ahmadian

A note on resource value and marketability **10** (1988) 79
T.A. Barthold and R. Boyd

Household sector

An efficiency analysis of household energy use **8** (1986) 62
L.W. Baxter, S.L. Feldman, A.P. Schinnar and R.M. Wirtshafter

A model of individual household temperature demand and energy-related welfare changes using satiety **8** (1986) 147
J.E. Kushman and J.G. Anderson
Residential demand for energy commodities: a household production function approach **9** (1987) 251
K.D. Willett and S. Naghshpour
Household production and the short- and long-run demand for electricity **12** (1990) 116
G. Flaig
Consumption preferences structure of Greek households **13** (1991) 163
V. Assimakopoulos and H.G. Domenikos
Electricity demand by time of use: an application of the household AIDS model **17** (1995) 197
M. Filippini
Economies of scale in energy use in adult-only households **17** (1995) 301
D.S. Ironmonger, C.K. Aitken and B. Erbas
Price sensitivity of residential energy consumption in Norway **21** (1999) 493
R. Nesbakken

Housing market

The impact of energy prices: a housing market analysis **5** (1983) 100
A.S. Zaki and H.R. Isakson
Housing market capitalization of thermal integrity **8** (1986) 134
J. Laquatra
Energy labels and economic search: an example from the residential real estate market **11** (1989) 213
R.W. Gilmer

Hydropower

The role of energy limited hydro equipment in an optimal plant mix **6** (1984) 139
J.-T. Bernard and J. Chatel
Uncertainty in hydroelectric power supply **6** (1984) 159
O. Bjerkholt and Ø. Olsen
Optimal capacity expansion of hydro power plants **11** (1989) 133
F. Wirl
Hydroelectric rent and precipitation variability: the case of Norway **15** (1993) 81
E.S. Amundsen and S. Tjøtta

Impact

On the applicability of input–output analysis to energy issues **12** (1990) 71
R.-H. Wu and C.-Y. Chen

Imperfect information

Market barriers to energy efficiency **15** (1993) 262
R.B. Howarth and B. Andersson

Imperfect markets

Fuel economy standards in a model of automobile quality **21** (1999) 309
C. Plourde and V. Bardis

Imperfect substitutes

Resource extraction of imperfect substitutes **10** (1988) 242
F. Wirl

Implicit price

Economic efficiency *v.* energy efficiency: do model conservation standards make good sense? **12** (1990) 122
M.J. Horowitz and H. Haeri

Imports

Reducing dependence on oil imports **4** (1982) 51
D. Kline and J.P. Weyant

An aggregate petroleum consumption model **5** (1983) 27
S.B. Brown

Inflation controlled by energy prices **5** (1983) 202
P.E. Thoresen

Assessing the energy intensities of imports **20** (1998) 67
J.J. Battjes, K.J. Noorman and W. Biesiot

Incentive programmes

Energy demand impact of incentive programmes: a non-parametric analysis for the Canadian Oil Substitution Program **15** (1993) 226
G. Lafrance and D. Perron

Income

Domestic fuel expenditure: an analysis of three national surveys **6** (1984) 52
S. Hutton

Distributional impacts of oil and gas tax reforms **10** (1988) 235
A. Rose and B. Stevens

Income elasticity

Energy–income coefficients and ratios: their use and abuse **2** (1980) 2
M.A. Adelman

Rejoinder: Energy–income coefficients and ratios: a comment **2** (1980) 184
L.G. Brookes

Rejoinder: Energy–income coefficients and ratios: reply **2** (1980) 184
M.A. Adelman

Energy consumption and economic activity in industrialized countries: the dynamic aggregate time series relationship **3** (1981) 225
M. Beenstock and P. Willcocks

Energy consumption and economic activity in industrialized economies – a note **5** (1983) 207
G. Kouris

The demand for energy: evidence from a cross-country demand system **9** (1987) 149
D.G. Fiebig, J. Seale and H. Theil

Electricity consumption and economic growth in Jamaica **12** (1990) 65
H. Ramcharran

The demand for energy: cross-country evidence using the Florida model **13** (1991) 33
J.L. Seale Jr., W.E. Walker and I.-M. Kim

Income feedback effects

OPEC's pricing policy and the international transmission of oil price effects **6** (1984) 267
J. Marquez and P. Pauly

Income redistribution

Energy and output implications of income redistribution in Brazil **6** (1984) 110
A. Behrens

Index numbers

Decomposition of changes in energy intensity: a comparison of the Divisia index and other methods **10** (1988) 309
G.A. Boyd, D.A. Hanson and T. Sterner

India

Integrating the power sector in India: reflections and suggestions **14** (1992) 119
P.R. Scholtès

Stabilizing energy related CO_2 emissions for India **19** (1997) 125
S. Gupta and S. Hall

Short- and long-run elasticities of gasoline demand in India: an empirical analysis using cointegration techniques **21** (1999) 321
R. Ramanathan

Indices

Regional energy input prices in Canadian manufacturing: an index number approach **9** (1987) 66
M.W.L. Chan and E.H. Oksanen

Indonesia

Oil production and macroeconomic adjustment in the Indonesian economy **16** (1994) 253
C. Harvie and A. Thaha

Industrial sector

Energy economics – a random walk in history **1** (1979) 139
G.F. Ray

Industrial demand for natural gas: inter-industry variation in New York State **5** (1983) 171
J.M. Gowdy

Energy price shocks in the 1970s: impact on industrialized economies **6** (1984) 231
A.R. Nasseh and E. Elyasiani

Impacts of electricity rates on industrial location **10** (1988) 107
P. Nijkamp and A. Perrels

Decomposition of industrial energy consumption: an alternative method **14** (1992) 265
S.-H. Park

Industrial energy use in Ontario from 1962 to 1984 **15** (1993) 25
D. Gardner

Decomposition of industrial energy consumption: some methodological and application issues **16** (1994) 83
B.W. Ang and S.Y. Lee

Multilevel decomposition of industrial energy consumption **17** (1995) 39
B.W. Ang

Decomposition of industrial energy consumption: the energy coefficient approach **18** (1996) 129
B.W. Ang and P.W. Lee

Decomposition of energy-induced CO_2 emissions in manufacturing **19** (1997) 363
B.W. Ang and G. Pandiyan

Understanding industrial energy use: structural and energy intensity changes in Ontario industry **20** (1998) 29
D.T. Gardner and M.A.T. Elkhafif

Industrialized countries

Energy consumption and economic activity in industrialized economies – a note **5** (1983) 207
G. Kouris
Energy and economic growth in industrializing countries: the case of Greece **6** (1984) 191
J.-E. Samouilidis and C.S. Mitropoulos

Industry

Structuring industrial energy use: a UK case study **4** (1982) 268
R.K. Cattell
Structural change and energy efficiency in industry **5** (1983) 114
C.A. Jenne and R.K. Cattell
Electricity consumption, electricity intensity and industrial structure **5** (1983) 146

The theory of maximum kW demand charges for electricity **5** (1983) 258
S.V. Berg and A. Savvides
Analysis of the factors influencing energy consumption in industry: a revised method **9** (1987) 145
W. Reitler, M. Rudolph and H. Schaefer
The economic cost of power outages in the industrial sector of Pakistan **11** (1989) 301
H.A. Pasha, A. Ghaus and S. Malik
Industry energy use and structural change: a case study of The People's Republic of China **15** (1993) 131
J.-p. Huang
Sources of change in industrial electricity use in the Taiwan economy, 1976–86 **16** (1994) 115
C.-Y. Chen and R.-H. Wu
Decomposition of industrial energy consumption: the energy intensity approach **16** (1994) 163
B.W. Ang
Industrial energy substitution during the 1980s in the Greek economy **19** (1997) 476
Y.D. Caloghirou, A.G. Mourelatos and H. Thompson

Inefficiency

Electricity rationing through a two-stage mechanism **18** (1996) 247
J.A. Doucet, K.J. Min, M. Roland and T. Strauss

Inertia

Decision making under uncertainty and inertia constraints: sectoral implications of the when flexibility **20** (1998) 539
F. Lecocq, J.-C. Hourcade and M.H. Duong

Inflation

Oil price and inflation **4** (1982) 121
P.E. Thoresen
Inflation controlled by energy prices **5** (1983) 202
P.E. Thoresen
The impact of oil revenues on the OPEC economy **11** (1989) 242
M. Shams

Information gathering

A model for exploration decisions **11** (1989) 189
H. Bjørstad, T. Hefting and G. Stensland

Information transfers

Price discovery in oil markets: a time varying analysis of the 1900–91 Gulf conflict **18** (1996) 231
A.J. Foster

Innovation

Economic growth, international competitiveness and environmental protection: R & D and innovation strategies with the WARM model **19** (1997) 2
C. Carraro and M. Galeotti

Input–output analysis

Input–output analysis of energy requirements: an application to the Scottish economy in 1973 **1** (1979) 211
H.M. Al-Ali

The input–output structure of energy and resources in forestry and associated industries **2** (1980) 243
M.R. Bhagavan and A.M. Din

An input–output analysis of Australian energy planning issues **3** (1981) 159
N.D. Karunaratne

An input–output framework for analysing energy consumption **4** (1982) 105
S.-H. Park

The energy constraint and development: consistency and optimality over time **5** (1983) 9
S.-H. Park and A.A. Kubursi

Integration of an economic input–output model and a linear programming technological model for energy systems analysis **8** (1986) 99
D.E. James, A.R. de L. Musgrove and K.J. Stocks

Energy multipliers for economic analysis: an input–output approach **11** (1989) 33
G.J.Y. Hsu

On the applicability of input–output analysis to energy issues **12** (1990) 71
R.-H. Wu and C.-Y. Chen

Energy-price impacts modelling in the agriculture sector **12** (1990) 147
D.D. Tewari

The employment impact of oil activity in North Norway: an application of deterministic simulation technique **13** (1991) 19
K. Heen

Labour productivity and energy intensity in Australia 1974–87: an input–output analysis **14** (1992) 43
J.M. Gowdy

Estimating shifts in real income and real spending **15** (1993) 210
E.W. Henry

Sources of change in industrial electricity use in the Taiwan economy, 1976–86 **16** (1994) 115
C.-Y. Chen and R.-H. Wu

A capacity growth input–output model **16** (1994) 193
E.W. Henry

A capacity growth input–output model with forward recursive solution **17** (1995) 3
E.W. Henry

Input–output simulations of energy, environment, economy interactions in the UK **17** (1995) 73
D. Hawdon and P. Pearson

Economic development, poverty reduction and carbon emissions in India **19** (1997) 327
N.S. Murthy, M. Panda and J. Parikh

Economic modelling approaches to cost estimates for the control of carbon dioxide emissions **20** (1998) 101
Z.X. Zhang and H. Folmer

Insulation

Demand for energy and insulation **6** (1984) 208
L. Karp

Insurance

Generators and the cost of electricity outages **13** (1991) 283
M. Beenstock

Integration

Integrating the power sector in India: reflections and suggestions **14** (1992) 119
P.R. Scholtès
The Page95 model: integrating the science and economics of global warming **19** (1997) 77
E.L. Plambeck, C. Hope and J. Anderson
Domestic merger policy in an international oligopoly: the Nordic market for electricity **19** (1997) 239
L. Sørgard
Integrating the bottom-up and top-down approach to energy–economy modelling: the case of Denmark **20** (1998) 443
H.K. Jacobsen
The message in North American energy prices **21** (1999) 471
A. Serletis and J. Herbert

Intensity

Electricity consumption, electricity intensity and industrial structure **5** (1983) 146
G.A. Hankinson and J.M.W. Rhys
Structural change and energy use: the case of the manufacturing sector in Taiwan **12** (1990) 109
J.-W. Li, R.M. Shrestha and W.K. Foell

Interfuel substitution

Major OECD country industrial sector interfuel substitution estimates, 1960–79 **8** (1986) 74
V.B. Hall
Interfuel substitution in the residential sector of South Australia **8** (1986) 177
A.A. Rushdi
Application of the translog model of energy substitution to developing countries: the case of Korea **10** (1988) 313
B.C. Kim and W.C. Labys
Modelling fuel-switching between natural gas and fuel oil in US manufacturing **11** (1989) 70
M.A. Beltramo
Separability, functional form and regulatory policy in models of interfuel substitution **11** (1989) 82
T.J. Considine
An Australian fuel substitution tax model: ORANI-LFT **12** (1990) 255
V.B. Hall, T.P. Truong and V.A. Nguyen
Energy demand impact of incentive programmes: a non-parametric analysis for the Canadian Oil Substitution Program **15** (1993) 226
G. Lafrance and D. Perron

Internal structure

The nature of OPEC and oil price changes **16** (1994) 107
D.P.T. Young

Internalizing externalities

Measuring the consumer welfare effects of carbon penalties: theory and applications to household energy demand **14** (1992) 82
J.C. Dumagan and T.D. Mount

International comparison

International comparisons of productivity and its determinants in the natural gas industry **21** (1999) 273
T.-Y. Kim, J.-D. Lee, Y.H. Park and B. Kim

Interregional electricity trade

Canadian interregional electricity trade: analysing the gains from system integration during 1990–2020 **11** (1989) 105
J.S. Rogers and J.G. Rowse

Interrelationship

Energy and economic growth: a case study of Pakistan **9** (1987) 195
T. Riaz

Interruptible service

Subsidy free pricing of interruptible service contracts **17** (1995) 53
T.R. Beard, G.H. Sweeney and D.M. Gropper

Interruptions

Economic costs of electricity supply interruptions: US and foreign experience **4** (1982) 180
A.P. Sanghvi

Intertemporal optimization

Technological change and the timing of mitigation measures **20** (1998) 495
A. Grübler and S. Messner

Inventories

The 'sub-trigger' crisis: an economic analysis of flexible stock policies **5** (1983) 178
R.G. Hubbard and R. Weiner

Inventory theory in cartelized markets **9** (1987) 167
A.L. Danielsen and P.A. Cartwright

Exploration for petroleum and the inventory of proven reserves **9** (1987) 190
S.D. Flåm and E. Moxnes

Investment

Measuring the benefits from an innovation: an application to energy **1** (1979) 47
G. Fishelson

Optimization of nuclear reactor strategies under uncertainty **1** (1979) 53
P. Silvennoinen and J. Vira

Computing the long-run incremental cost of capital intensive goods **1** (1979) 167
D.L. White

An energy analysis of the investment problem **1** (1979) 219
J.V. Greenman
Energy as a determinant of investment behaviour **2** (1980) 179
N.D. Uri
Research and development of a backstop energy technology in a growing economy **2** (1980) 199
D.F. Spulber
Spatial equilibrium in the US coal industry **2** (1980) 230
T.C. Campbell, M.J. Hwang and F. Shahrokh
Optimal electricity supply: reliability, pricing and system planning **3** (1981) 140
M. Munasinghe
Optimal policies for investment and depletion in an oil-rich industrialized economy **4** (1982) 7
H. Motamen
Government policy and industrial investment in cogeneration in the USA **7** (1985) 117
G. Anandalingam
Optimizing investment levels for energy conservation: individual versus social perspective and the role of uncertainty **7** (1985) 259
A. Rabl
Energy prices and investment over the business cycle **9** (1987) 257
V. Glass and E.S. Cahn
Optimal timing of transmission line investments **11** (1989) 181
G. Schramm
The impact of oil revenues on the OPEC economy **11** (1989) 242
M. Shams
The option value of renewable energy: the case of climate change **17** (1995) 311
D. Schimmelpfennig

Investment criteria

The investment criteria of the Swedish electricity industry **7** (1985) 13
R. Andersson and L. Taylor
The social cost of unsupplied electricity: a critical review **8** (1986) 139
R. Andersson and L. Taylor

Irreversibility

The option value of renewable energy: the case of climate change **17** (1995) 311
D. Schimmelpfennig
Quasi-option value and climate policy choices **20** (1998) 599
M.H. Duong

Irreversible efficiency improvements

Residential energy demand in OECD-countries and the role of irreversible efficiency improvements **20** (1998) 421
R. Haas and L. Schipper

Isoquants

Effect of an essential input on isoquants and substitution elasticities **7** (1985) 194
S. Islam
Weather-induced changes in the tradeoff between SO_2 and N_x at large power plants **21** (1999) 239
J.E. Leightner

Israel

The demand for electricity in Israel **21** (1999) 168
M. Beenstock, E. Goldin and D. Nabot

Japanese economy

Macroeconomic and sectoral impacts of carbon taxation: a case for the Japanese economy **17** (1995) 277
N. Goto

Kenya

Nairobi households and their energy use: an economic analysis of consumption patterns **7** (1985) 265
E.L. Hughes-Cromwick

The effects of energy taxes on the Kenyan economy: a CGE analysis **16** (1994) 205
H.H.H. Semboja

Kerosene

Residential demand for energy in Jamaica **10** (1988) 223
H. Ramcharran

Korea

The impact of the first oil crisis on energy demand in Korea **4** (1982) 259
E. Shin

Application of the translog model of energy substitution to developing countries: the case of Korea **10** (1988) 313
B.C. Kim and W.C. Labys

Fuel demand in electricity generation: a case study of the Republic of Korea **12** (1990) 137
C.-S. Suh

Decomposition of industrial energy consumption: an alternative method **14** (1992) 265
S.-H. Park

Kuwait

A dynamic macroeconomic model for Kuwait: analysis of the medium-term path **12** (1990) 289
M. Khorshid

Demand for gasoline in Kuwait: an empirical analysis using cointegration techniques **17** (1995) 249
M.N. Eltony and N.H. Al-Mutairi

Energy conservation in electricity generation: a case study of the electricity and water industry in Kuwait **18** (1996) 69
N.A. Burney and F.T. Al-Matrouk

Labour productivity

Energy efficiency and the slump in labour productivity in the USA **3** (1981) 36
E.F. Renshaw

Lags

The demand for gasoline: further evidence **6** (1984) 71
L.P. Drollas

Marketing dynamism: an econometric study of the oil pricing policies of selected OPEC members **13** (1991) 154
B.E. Okogu

Land planning

Modelling the electricity consumption of cities, effect of urban density **21** (1999) 53
I. Larivière and G. Lafrance

LCP model

A sensitivity analysis of the linear complementarity programming model: Appalachian steam coal and the natural gas market **7** (1985) 145
C.-w. Yang and W.C. Labys

Leading indicators

Identifying no growth years in the US economy: using increases in crude oil prices **14** (1992) 132
E.F. Renshaw

Learning curve

Nuclear power plant performance: the post Three Mile Island era **14** (1992) 209
A.C. Krautmann and J.L. Solow
Nuclear power in Eastern Europe: learning or forgetting curves? **15** (1993) 183
R. Sturm

Least-cost planning

Least cost selection of energy conservation measures for regulated gas utilities **15** (1993) 166
V.A. Greenberg and S.L. Harshbarger

Levelized cost

Economic efficiency *v.* energy efficiency: do model conservation standards make good sense? **12** (1990) 122
M.J. Horowitz and H. Haeri

Linear logit model

Separability, functional form and regulatory policy in models of interfuel substitution **11** (1989) 82
T.J. Considine
A regional linear logit fuel demand model for electric utilities **18** (1996) 295
C.E. Moody

Linear programming

Electricity and gas supply in south-eastern Australia, 1980–2020 **7** (1985) 37
A.R. de L. Musgrove and K.J. Stocks
Integration of an economic input–output model and a linear programming technological model for energy systems analysis **8** (1986) 99
D.E. James, A.R. de L. Musgrove and K.J. Stocks
Canadian interregional electricity trade: analysing the gains from system integration during 1990–2020 **11** (1989) 105
J.S. Rogers and J.G. Rowse
Productive efficiency in a regulated industry: the area electricity boards of England and Wales **13** (1991) 116
T.G. Weyman-Jones
Efficiency and ownership in electricity distribution: a non-parametric model of the Turkish experience **18** (1996) 1
N. Bagdadioglu, C.M. Waddams Price and T.G. Weyman-Jones

Linear transfer function

Forecasting residential electricity consumption in Greece using monthly and quarterly data **14** (1992) 226
E.D. Tserkezos

Liquid petroleum gas (LPG)

Residential demand for energy in Jamaica **10** (1988) 223
H. Ramcharran

Load management

The economics of load management by ripple control **2** (1980) 5
J. Zahave and D. Feiler

Local industry

Electricity substitution: some local industrial evidence **20** (1998) 411
A.H. Barnett, K. Reutter and H. Thompson

Logit models

The market share of diesel cars in the USA, 1979–83 **8** (1986) 13
D.L. Greene

Long cycles

Energy and the long cycles **5** (1983) 3
G.F. Ray

Long-run marginal costs

Impacts of the structures of electricity and gas tariffs on the rational use of energy **12** (1990) 103
M. Brand

Long-term macroeconomic relationships

Long-term relationships of major macro-variables in a resource-related economic model of Australia: a cointegration analysis **15** (1993) 257
C. Harvie and V.H. Tran

Louisiana

Sources of change in productivity of petroleum exploration and development in the US onshore Louisiana, 1977–1994 **21** (1999) 261
O.O. Iledare and A.G. Pulsipher

LP modelling – *see* Linear programming

Macroeconometric models

The macrodynamics of energy shocks, short- and long-run **6** (1984) 21
H.D. Saunders

The demand for energy in the UK: a general equilibrium analysis **8** (1986) 90
M. Beenstock and A. Dalziel

An exploratory stochastic framework to analyse the relationship between macro oil price shocks and economic development **11** (1989) 228
U.A. Kazi

Energy in the Greek economy: a total energy approach at the macro level **12** (1990) 269
Y.E. Papatheodorou

Oil production and macroeconomic adjustment in the Indonesian economy **16** (1994) 253
C. Harvie and A. Thaha

Are environmental taxes a free lunch? Issues in modelling the macroeconomic effects of carbon taxes **19** (1997) 29
N. Mabey and J. Nixon

The demand for energy in Greece: assessing the effects of the Community Support Framework 1994–1999 **19** (1997) 393
N.M. Christodoulakis and S.C. Kalyvitis

Economic modelling approaches to cost estimates for the control of carbon dioxide emissions **20** (1998) 101
Z.X. Zhang and H. Folmer

Magma power

Cost–benefit analyses for the development of magma power **14** (1992) 255
J. Haraden

Malaysia

Coordinated strategy for separate power systems: the case of Malaysia **12** (1990) 59
H. Razavi

The efficiency of the National Electricity Board in Malaysia: an intercountry comparison using DEA **19** (1997) 255
J.M. Yunos and D. Hawdon

Manufactured housing

Electricity consumption in manufactured housing **16** (1994) 54
S.V. Berg and C. Taylor

Manufacturing sector

Sectoral energy demand in Canadian manufacturing industries **1** (1979) 112
T.A. Cameron and S.L. Schwartz

Structural change and technology choice: energy use in Mexican manufacturing industry, 1970–81 **7** (1985) 77
T. Sterner

Input substitution in Thailand's manufacturing sector: implications for energy policy **9** (1987) 55
S. Saicheua

Estimates of energy and non-energy elasticities in selected Asian manufacturing sectors: policy implications **9** (1987) 115
C.M. Siddayao, M. Khaled, J.G. Ranada and S. Saicheua

Manufacturing energy use in eight OECD countries: decomposing the impacts of changes in output, industry structure and energy intensity **13** (1991) 135
R.B. Howarth, L. Schipper, P.A. Duerr and S. Strøm

Marginal abatement costs

Estimation of the marginal abatement costs of airborne pollutants in Korea's power generation sector **21** (1999) 545
O.S. Kwon and W.-C. Yun

Marginal cost

Short- and long-run marginal cost pricing: on their alleged equivalence **7** (1985) 279
R. Andersson and M. Bohman

Short-run versus long-run marginal cost pricing **10** (1988) 283
A.P. Della Valle

The long-run marginal cost of electricity in rural regions: a methodology for calculating the real cost of electricity **13** (1991) 187
P.G. Soldatos

Marginal cost pricing

Optimal subsidies to new energy sources **9** (1987) 183
B.D. Solomon and T.D. Georgianna

Optimal deviations from marginal pricing in the oil products' market **12** (1990) 232
M. Strawczynski

Marginal cost pricing revisited **13** (1991) 245
G. Schramm

A note on first-best marginal cost measures in public enterprise **13** (1991) 250
D.L. Weisman

Market barriers

Market barriers to energy efficiency **15** (1993) 262
R.B. Howarth and B. Andersson

Market efficiency

On the 'efficiency' of futures markets: another view **10** (1988) 199
A.E. Bopp and S. Sitzer

Market information and price volatility in petroleum derivatives spot and futures markets: some New York evidence **15** (1993) 17
S.M.K. Nainar

Market equilibrium

Dynamic energy and environment equilibrium model for the assessment of CO_2 emission control in Canada and the USA **19** (1997) 103
W. Chung, Y.J. Wu and J.D. Fuller

Market incentive

Environmental policies: market responses and incentives **15** (1993) 67
H. Motamen-Scobie

Market integration

Cointegration analysis of spot electricity prices: insights on transmission efficiency in the western US **21** (1999) 435
A.S. De Vany and W.D. Walls

Market share

Modelling energy technologies in a competitive market **15** (1993) 123
J.F. Clarke and J.A. Edmonds

Market structure

Non-competitive market behaviour in the international coking coal market **21** (1999) 195
P. Graham, S. Thorpe and L. Hogan

Marketing dynamism

Marketing dynamism: an econometric study of the oil pricing policies of selected OPEC members **13** (1991) 154
B.E. Okogu

Markets

Spatially analysing the impact of a 'no new nukes' policy on European natural gas markets **11** (1989) 262
C. Dahl

Maturity effect

Maturity effects in energy futures **14** (1992) 150
A. Serletis

Measurement error

The impact of measurement error in the data on estimates of the agricultural demand for electricity in the USA **16** (1994) 121
N.D. Uri

Mechanism

The dynamic stability of OPEC's oil price mechanism **14** (1992) 65
S. Hammoudeh and V. Madan

Merger

Domestic merger policy in an international oligopoly: the Nordic market for electricity **19** (1997) 239
L. Sørgard

Meta-analysis

Gasoline demand revisited: an international meta-analysis of elasticities **20** (1998) 273
M. Espey

Military spending

Changing market opportunities and the structure of R & D investment: the case of energy **9** (1987) 154
F.R. Lichtenberg

Mining

Returns to scale, adjustment costs and the optimal investment of the mining firm **14** (1992) 163
S.J. Rubio

Minority *v.* majority households

Residential energy demand: additional empirical evidence by minority household type **15** (1993) 93
D.A. Poyer and M. Williams

Modal choice

The influence of modal choice on energy conservation strategies in transport: application of a logit model — **13** (1991) 290
G.-H. Tzeng, J.-J. Chen and C.-J. Lan

Modelling

The GENESYS model of OPEC, 1974–80: structural insights from a non-forecasting model — **4** (1982) 146
R.E. Kuenne
Measuring the validity and performance of energy models — **4** (1982) 159
W.C. Labys
The Averch–Johnson model with Leontief production functions: extensions and applications — **4** (1982) 169
F.H. Murphy and A.L. Soyster
An aggregate model for energy costs: national product interdependence — **4** (1982) 199
J.-E. Samouilidis and C.S. Mitropoulos
Hotelling rule, economic responses and oil prices — **5** (1983) 153
G. Fishelson
Cyclical economic fluctuations and oil consumption behaviour — **5** (1983) 157
M. Dailami
Industrial demand for natural gas: inter-industry variation in New York State — **5** (1983) 171
J.M. Gowdy
Energy investment and economic growth: a simplified approach — **5** (1983) 237
J.-E. Samouilidis and C.S. Mitropoulos
A model of district heating using a CHP plant — **5** (1983) 247
M. Marchand, S. Proost and E. Wilberz
Instability of electricity demand functions in the post-oil-embargo period — **5** (1983) 267
R.J. Sutherland
Energy consumption in Eastern Europe: a cross-sectional analysis — **6** (1984) 2
R. Westoby and D. Pearce
Regional modelling of oil discovery and production — **6** (1984) 5
J.L. Smith and J.L. Paddock
Estimation of user's cost for a depletable resource such as oil — **6** (1984) 35
K. Pakravan
Modelling the energy–output ratio — **6** (1984) 47
J.L.R. Proops
On energy coefficients and ratios — **6** (1984) 102
T.-H. Nguyen
An integrated energy planning model for Hawaii — **6** (1984) 117
P.S. Leung and G.J.Y. Hsu
The GAO natural gas supply model — **7** (1985) 49
C.E. Moody, P.L. Valentine and W.J. Kruvant
An efficiency analysis of household energy use — **8** (1986) 62
L.W. Baxter, S.L. Feldman, A.P. Schinnar and R.M. Wirtshafter
Helium conservation: supply and demand projections in the USA reconsidered — **9** (1987) 93
N.D. Uri
Multi-product pricing for electric power — **9** (1987) 104
S.S. Oren, S.A. Smith and R.B. Wilson
A cross-sectional analysis of energy–output correlation — **9** (1987) 274
B.W. Ang
Changes in business-as-usual forecasts in a petroleum trade model — **11** (1989) 11
R. Lee and S. Das
Oil markets under political and military stress — **12** (1990) 204
S. Das, P.N. Leiby, R. Lee, G.R. Hadder and R.M. Davis

A new model for sustainable growth in the energy industry **15** (1993) 3
S. McFaddin and M. Clouse

Modelling energy technologies in a competitive market **15** (1993) 123
J.F. Clarke and J.A. Edmonds

Applied general equilibrium models for energy studies: a survey **18** (1996) 145
S.C. Bhattacharyya

Electricity rationing through a two-stage mechanism **18** (1996) 247
J.A. Doucet, K.J. Min, M. Roland and T. Strauss

The Page95 model: integrating the science and economics of global warming **19** (1997) 77
E.L. Plambeck, C. Hope and J. Anderson

Changes in energy consumption and energy intensity: a complete decomposition model **20** (1998) 85
J.W. Sun

Market power in the Australian power market **20** (1998) 121
D. Brennan and J. Melanie

Non-competitive market behaviour in the international coking coal market **21** (1999) 195
P. Graham, S. Thorpe and L. Hogan

Money metric welfare

Welfare effects of emission taxes in Norway **18** (1996) 335
J. Aasness, T. Bye and H.T. Mysen

Monopoly

Oil prices without OPEC: a walk on the supply-side **5** (1983) 164
J. Roumasset, D. Isaak and F. Fesharaki

Monopsony

Monopsony and federal coal leasing – a bargaining approach **11** (1989) 169
D.B. Pariser and N.M. Khilji

Motor vehicle stock

Gasoline consumption and the stock of motor vehicles: an empirical analysis for the Swiss economy **10** (1988) 276
W. Wasserfallen and H. Güntensperger

Multiattribute utility

Conservation tillage and the use of energy and other inputs in US agriculture **20** (1998) 389
N.D. Uri

Multicriteria analysis

A sensitivity analysis of multicriteria choice-methods: an application on the basis of the optimal site selection for a nuclear power plant **11** (1989) 293
J.A. Hartog, E. Hinloopen and P. Nijkamp

Multilevel CES function

Capital–energy substitution and the multi-level CES production function **16** (1994) 22
K.-P. Chang

Multilevel optimization

The role of renewable energy in the energy system: an issue in the philosophy of renewal of natural resources **17** (1995) 117
S.M.N. Islam

Multiplier

On the applicability of input–output analysis to energy issues **12** (1990) 71
R.-H. Wu and C.-Y. Chen

Natural gas

Natural gas price elasticities: variations by region and by sector in the USA **5** (1983) 195
B.-C. Liu

Power system economics: the value of natural gas in electricity generation **6** (1984) 245
M.G. Webb and N.M. Pinto

The GAO natural gas supply model **7** (1985) 49
C.E. Moody, P.L. Valentine and W.J. Kruvant

Economic forces in the European gas market – a 1985 prospective **9** (1987) 2
J. Boucher and Y. Smeers

A process for decision-making on natural gas: fiscal competitiveness in reservoir development **9** (1987) 265
Paolo Fobelli

Natural gas demand by agriculture in the USA **11** (1989) 137
N.D. Uri

A dynamic model of natural gas deregulation **12** (1990) 35
M.K. Yücel

Regulator preferences and utility prices: evidence from natural gas distribution utilities **21** (1999) 1
C.C. Klein and G.H. Sweeney

A hybrid economic–engineering model for natural gas production **21** (1999) 67
J.M. Chermak, J. Crafton, S.M. Norquist and R.H. Patrick

Convergence to the long-run equilibrium: the case of natural gas markets **21** (1999) 95
D. Lien and T.H. Root

Natural gas distribution

Efficient strategies for natural gas expansion under uncertainty: the case of Sweden **10** (1988) 100
G. Bergendahl

Capacity planning for a natural gas pipeline in Sweden **12** (1990) 211
F. Yi

Natural gas industry

International comparisons of productivity and its determinants in the natural gas industry **21** (1999) 273
T.-Y. Kim, J.-D. Lee, Y.H. Park and B. Kim

Natural gas market

A sensitivity analysis of the linear complementarity programming model: Appalachian steam coal and the natural gas market **7** (1985) 145
C.-w. Yang and W.C. Labys

Natural resources

Long-term macroeconomic estimate of energy consumption **14** (1992) 271
O.A. Eismont

Behaviour of non-renewable natural resource firms under uncertainty: optimizing or ad hoc **16** (1994) 9
M.J. Mueller

Negotiation

Monopsony and federal coal leasing – a bargaining approach **11** (1989) 169
D.B. Pariser and N.M. Khilji

Net benefit function

Net benefit functions, discounting and the optimal time horizon for extracting non-replenishable resources **7** (1985) 163
K. Willett

Netback value

Assessing demand when introducing a new fuel: natural gas on Java **17** (1995) 147
W.J.H. van Groenendaal

New Zealand electricity distribution

Electricity distribution as an unsustainable natural monopoly: a potential outcome of New Zealand's regulatory regime **21** (1999) 385
C. Gunn

Non-energy petroleum products

Demand for non-energy petroleum products: the case of Québec **12** (1990) 177
D. Bélanger, J.-T. Bernard and R. Dubois

Non-linear pricing

Dual *v.* uniform prices – an application **12** (1990) 18
P.R. Scholtès

Non-linear prices and energy demand **12** (1990) 27
A. Markandya and M. Pemberton

Non-parametric methods

Effect of the 1973 oil price embargo: a non-parametric analysis **15** (1993) 39
R.K. Goel and M.J. Morey

Energy demand impact of incentive programmes: a non-parametric analysis for the Canadian Oil Substitution Program **15** (1993) 226
G. Lafrance and D. Perron

Non-renewable resource use

Returns to scale, adjustment costs and the optimal investment of the mining firm **14** (1992) 163
S.J. Rubio

North Sea

North Sea oil taxation in Norway **1** (1979) 33
A.G. Kemp and D. Crichton

North Sea oil

Optimal policies for investment and depletion in an oil-rich industrialized economy **4** (1982) 7
H. Motamen

North Sea oil: responses to employment opportunities **7** (1985) 127
W. Elkan and R.E.D. Bishop

Norway

North Sea oil taxation in Norway **1** (1979) 33
A.G. Kemp and D. Crichton
The employment impact of oil activity in North Norway: an application of deterministic simulation technique **13** (1991) 19
K. Heen
Export of Norwegian hydropower under a common European regime of environmental taxes **16** (1994) 271
E. Schrøder Amundsen, J. Bjørndalen and H. Rasmussen
The regulating power market on the Nordic power exchange Nord Pool: an econometric analysis **21** (1999) 295
K. Skytte
Deregulation of the Nordic power market and environmental policy **21** (1999) 417
E.S. Amundsen, A. Nesse and S. Tjøtta

Nuclear power

Optimization of nuclear reactor strategies under uncertainty **1** (1979) 53
P. Silvennoinen and J. Vira
Social cost–benefit analysis and nuclear futures **1** (1979) 66
D.W. Pearce
Nuclear energy in France: an economic policy overview **1** (1979) 130
G. de Carmoy
The economics of nuclear fuel reprocessing: a case study of the Windscale THORP plant **3** (1981) 202
P. Jones and D. Pearce
Assessing the need for power: a regional econometric model **4** (1982) 232
W.S. Chern and R.E. Just
Forecasting Canadian nuclear power station construction costs **7** (1985) 241
C.W.K. Keng
A portfolio analysis model of the demand for nuclear power plants **8** (1986) 218
R.J. Sutherland
Nuclear power and coal-fired CHP **9** (1987) 82
P.E. Grohnheit and P. Laut
Spatially analysing the impact of a 'no new nukes' policy on European natural gas markets **11** (1989) 262
C. Dahl
A sensitivity analysis of multicriteria choice-methods: an application on the basis of the optimal site selection for a nuclear power plant **11** (1989) 293
J.A. Hartog, E. Hinloopen and P. Nijkamp
Nuclear power plant performance: the post Three Mile Island era **14** (1992) 209
A.C. Krautmann and J.L. Solow
A model-referenced procedure to support adversarial decision processes: application to electricity planning **14** (1992) 242
D.W. Bunn and K. Vlahos
Nuclear power in Eastern Europe: learning or forgetting curves? **15** (1993) 183
R. Sturm
Forecasting nuclear power supply with Bayesian autoregression **16** (1994) 185
R. Beck and J.L. Solow
Coal subsidization and nuclear phase-out in a general equilibrium model for Germany **20** (1998) 203
H. Welsch

OECD

Major OECD country industrial sector interfuel substitution estimates, 1960–79 **8** (1986) 74
V.B. Hall
Manufacturing energy use in eight OECD countries: decomposing the impacts of changes in output, industry structure and energy intensity **13** (1991) 135
R.B. Howarth, L. Schipper, P.A. Duerr and S. Strøm
Assessing the energy intensities of imports **20** (1998) 67
J.J. Battjes, K.J. Noorman and W. Biesiot

Oil

Optimal drawdown patterns for strategic petroleum reserves **1** (1979) 3
R.E. Kuenne, J.W. Blankenship and P.F. McCoy
North Sea oil taxation in Norway **1** (1979) 33
A.G. Kemp and D. Crichton
Effects of changes in UK North Sea oil taxation **1** (1979) 224
A.G. Kemp and D. Crichton
Taxing North Sea oil profits in the UK: special needs and the effects of Petroleum Revenue Tax **2** (1980) 115
C. Rowland
Oil and the US dollar **2** (1980) 142

Economic interpretation of the EFOM model **13** (1991) 143
P.E. Grohnheit
Optimal participation rate under risk **15** (1993) 101
M. Breton
Economic modelling approaches to cost estimates for the control of carbon dioxide emissions **20** (1998) 101
Z.X. Zhang and H. Folmer

Option pricing

A note on resource value and marketability **10** (1988) 79
T.A. Barthold and R. Boyd
An option pricing approach to evaluating petroleum projects **10** (1988) 91
S. Ekern
Optimal timing of transmission line investments in the face of uncertain demand: an option valuation approach **14** (1992) 3
S.H. Martzoukos and W. Teplitz-Sembitzky
Quasi-option value and climate policy choices **20** (1998) 599
M.H. Duong

Optional tariffs

Optimal tariff design under consumer self-selection **19** (1997) 151
M. Räsänen, J. Ruusunen and R.P. Hämäläinen

ORANI-LFT general equilibrium model

An Australian fuel substitution tax model: ORANI-LFT **12** (1990) 255
V.B. Hall, T.P. Truong and V.A. Nguyen

Ordered logit

Ordered logit model for residential electricity demand in Korea **15** (1993) 205
T.Y. Jung

Outage costs

Optimal electricity supply: reliability, pricing and system planning **3** (1981) 140
M. Munasinghe
The economic cost of power outages in the industrial sector of Pakistan **11** (1989) 301
H.A. Pasha, A. Ghaus and S. Malik
Outage costs in Chilean industry **19** (1997) 417
P. Serra and G. Fierro

Own-price elasticities

The demand for energy: evidence from a cross-country demand system **9** (1987) 149
D.G. Fiebig, J. Seale and H. Theil

The demand for energy: cross-country evidence using the Florida model **13** (1991) 33
J.L. Seale Jr., W.E. Walker and I.-M. Kim

Pacific Northwest

The behaviour of publicly owned utilities in wholesale electricity markets: the case of the Pacific Northwest **9** (1987) 241
L.L. Peters and K.P. Seiden

Pan-Pacific

Production and high energy prices: a case of some Pan-Pacific countries **12** (1990) 197
R.K. Koshal, M. Koshal, K.L. Luthra and J.D. Lindley

Parameter stability

Price sensitivity of residential energy consumption in Norway **21** (1999) 493
R. Nesbakken

Partial equilibrium model

Gas trade in the European Community during the 1970s: a model analysis **7** (1985) 102
J. Boucher and Y. Smeers

Partial least squares

Household production and the short- and long-run demand for electricity **12** (1990) 116
G. Flaig

Path-dependency

Sensitivity of climate change mitigation estimates to assumptions about technical change **20** (1998) 473
H. Dowlatabadi

Peak demand

Television peaks in electricity demand **5** (1983) 31
D.W. Bunn and J.P. Seigal

A double horizon peak demand forecast model **14** (1992) 103
V. Assimakopoulos and J. Psarras

Peak load pricing

Causal responsibility and peak load pricing **4** (1982) 246
S.V. Berg

Peak-pricing and self-rationing of gas **9** (1987) 99
C.M. Cannon

Penetration levels

Domestic appliance energy usage in Western Australia **10** (1988) 155
P. Goldschmidt

Persistence profiles

Convergence to the long-run equilibrium: the case of natural gas markets **21** (1999) 95
D. Lien and T.H. Root

Petrol price elasticities

The demand for petrol with explicit new car fuel efficiency effects: a UK study 1977–86 **11** (1989) 95
P. Rice and P. Frater

Petrol prices

Petrol supplies and consumer expectations **5** (1983) 16
R.E. Martin

Petrol price asymmetries revisited **20** (1998) 297
B. Reilly and R. Witt

Petroleum

An aggregate petroleum consumption model **5** (1983) 27
S.B. Brown

Price controls, price dispersion and the supply of refined petroleum products **7** (1985) 210
V.B. Agarwal and R.T. Deacon

An option pricing approach to evaluating petroleum projects **10** (1988) 91
S. Ekern

The impact of oil-export dependency on a developing country: the case of Algeria **11** (1989) 247
J. Heidarian and R.D. Green

A note on OPEC market power and oil prices **13** (1991) 123
D.L. Greene

Taxation of petroleum products: theory and empirical evidence **17** (1995) 101
S. Gupta and W. Mahler

Petroleum demand

Demand for non-energy petroleum products: the case of Québec **12** (1990) 177
D. Bélanger, J.-T. Bernard and R. Dubois

Petroleum derivatives

Market information and price volatility in petroleum derivatives spot and futures markets: some New York evidence **15** (1993) 17
S.M.K. Nainar

Petroleum extraction

Endogenous taxes in a vertically integrated, natural resource extracting firm **13** (1991) 55
M.J. Mueller

Petroleum futures

A comparison of petroleum futures versus spot prices as predictors of prices in the future **13** (1991) 274
A.E. Bopp and G.M. Lady

A cointegration analysis of petroleum futures prices **16** (1994) 93
A. Serletis

Petroleum reserves

Rate sensitivity and the optimal choice of production capacity of petroleum reservoirs **9** (1987) 37
A.N. Nystad

Exploration for petroleum and the inventory of proven reserves **9** (1987) 190
S.D. Flåm and E. Moxnes

Sources of change in productivity of petroleum exploration and development in the US onshore Louisiana, 1977–1994 **21** (1999) 261
O.O. Iledare and A.G. Pulsipher

Petroleum taxation

Petroleum taxation under uncertainty: contingent claims analysis with an application to Norway **14** (1992) 23
D. Lund

Phase boundary

Measurement of temperature in economic systems considered as thermodynamic models **14** (1992) 73
D.G. Collins

Philippines

An evaluation of the effects of the tax on refined petroleum products in the Philippines **15** (1993) 154
N.D. Uri and R. Boyd

Photovoltaics

Conventional and solar cooling systems for Kuwait: an economic analysis **6** (1984) 259
S. Hammoudeh, S. Ayyash and R.K. Suri

Pipeline

Capacity planning for a natural gas pipeline in Sweden **12** (1990) 211
F. Yi

Planning

Sequential development of correlated projects: an application to coal liquefaction **5** (1983) 37
N.T. Gallini

Plant size

Alternative scale measures and the behaviour of average costs in steam electric generation **13** (1991) 61
D.A. Fuller

Policy instruments

Government policy and industrial investment in cogeneration in the USA **7** (1985) 117
G. Anandalingam

Pollution

Environmental benefits and the economics of UK solar energy schemes **1** (1979) 134
M. Common and J. Peirson

On the economics of pollution control for sulphur dioxide emissions **3** (1981) 83
N.H. Highton and M.G. Webb

Comparative energy and environmental policy for the residential sector: applying Dutch standards to the UK housing stock **20** (1998) 173
C. Hargreaves, N. Johnstone, F. Laroui and M. van Leeuwen

Pollution controls

Impact of pollution controls on the productivity of coal-fired power plants **12** (1990) 11
M.A. Bernstein, S.L. Feldman and A.P. Schinnar

Pollution permits

General multi-product, multi-pollutant market pollution permit model: a variational inequality approach **19** (1997) 57
A. Nagurney, K. Kanwalroop Dhanda and J.K. Stranlund

Portfolio analysis

A portfolio analysis model of the demand for nuclear power plants **8** (1986) 218
R.J. Sutherland

Potential expense

The impact of economic regulation on attempts to curb expense preference behavior: a micro-data analysis of CEO compensation schemes for electric utilities **21** (1999) 185
F.G. Mixon Jr. and K.P. Upadhyaya

Power generation sector

Power system economics: the value of natural gas in electricity generation **6** (1984) 245
M.G. Webb and N.M. Pinto

Nuclear power and coal-fired CHP **9** (1987) 82
P.E. Grohnheit and P. Laut

Impact of pollution controls on the productivity of coal-fired power plants **12** (1990) 11
M.A. Bernstein, S.L. Feldman and A.P. Schinnar

Coordinated strategy for separate power systems: the case of Malaysia **12** (1990) 59
H. Razavi

Integrating the power sector in India: reflections and suggestions **14** (1992) 119
P.R. Scholtès

Investment in competitive electricity: scope for incentive contracts **16** (1994) 27
A.K. David and K.-p. Wong

Power shifts: the dynamics of energy efficiency **20** (1998) 513
O. Edenhofer and C.C. Jaeger

Estimation of the marginal abatement costs of airborne pollutants in Korea's power generation sector **21** (1999) 545

Energy and resources as production factors in process industries **7** (1985) 138
J.-B. Lesourd
Energy prices and the aggregate production function **15** (1993) 105
D.J. Smyth

Production-sharing contract

Production-sharing contracts and decision-making in oil production: the case of Indonesia **15** (1993) 245
P. Yusgiantoro and F.S.T. Hsiao

Production technology

Assessing demand when introducing a new fuel: natural gas on Java **17** (1995) 147
W.J.H. van Groenendaal

Productive structure

Factors influencing changes in energy consumption: the case of Italy, 1975–85 **14** (1992) 49
A. Raggi and G. Barbiroli

Productivity

The role of investment for energy conservation: future Japanese economic growth **3** (1981) 233
K. Suzuki and H. Takenaka

Energy prices, labour productivity and causality: an empirical examination **4** (1982) 98
N.D. Uri and S.A. Hassanein

Impact of pollution controls on the productivity of coal-fired power plants **12** (1990) 11
M.A. Bernstein, S.L. Feldman and A.P. Schinnar

Labour productivity and energy intensity in Australia 1974–87: an input–output analysis **14** (1992) 43
J.M. Gowdy

The impact of disaggregated energy on productivity: a study of the US manufacturing sector, 1958–85 **14** (1992) 274
J.J. Hisnanick and K.O. Kymn

Productivity changes in the Gas and Fuel Corporation of Victoria **16** (1994) 36
A. Rushdi

The impact of electric power on productivity: a study of US manufacturing 1950–84 **17** (1995) 231
B.C. Beaudreau

International comparisons of productivity and its determinants in the natural gas industry **21** (1999) 273
T.-Y. Kim, J.-D. Lee, Y.H. Park and B. Kim

Profit maximization

Behaviour of non-renewable natural resource firms under uncertainty: optimizing or ad hoc **16** (1994) 9
M.J. Mueller

Project evaluation

Optimal development planning of gas reserves **18** (1996) 25
J. Boucher and Y. Smeers

Public enterprise

A note on first-best marginal cost measures in public enterprise **13** (1991) 250
D.L. Weisman

Reliability, risk aversion and the positive theory of public enterprise **15** (1993) 190
R. Fraser

Public utilities

The behaviour of publicly owned utilities in wholesale electricity markets: the case of the Pacific Northwest **9** (1987) 241
L.L. Peters and K.P. Seiden

Regulator selection and financial performance for public utilities: selection method and the returns experienced by common equity owners **11** (1989) 39
H.L. Brewer and P.C. Mann

Election returns as a signal of changing regulatory climate **13** (1991) 48
M.R. Butler and E.M. McNertney

Pulp and paper

The ISTUM-PC model: trial application to the British Columbia pulp and paper industry **12** (1990) 185
M. Jaccard and J. Roop

PWR

The Sizewell decision: a sensitivity analysis **6** (1984) 14
N. Evans

Quality differentiation

Fuel economy standards in a model of automobile quality **21** (1999) 309
C. Plourde and V. Bardis

Quality of life

Energy planning and environmental quality management: a decision support system approach **14** (1992) 302
B.-C. Liu, G.-H. Tzeng and C.-T. Hsieh

Quarterly data

A dynamic model for correcting quarterly electricity consumption data **14** (1992) 186
T. El

R & D

Sequential development of correlated projects: an application to coal liquefaction **5** (1983) 37
N.T. Gallini

Changing market opportunities and the structure of R & D investment: the case of energy **9** (1987) 154
F.R. Lichtenberg

Rail transport

Economics of coal transport by slurry pipeline versus unit train: a case study **6** (1984) 131
J.J. Kania

Ramsey numbers

Regulator preferences and utility prices: evidence from natural gas distribution utilities **21** (1999) 1
C.C. Klein and G.H. Sweeney

Ratchet model

Energy prices and the aggregate production function **15** (1993) 105
D.J. Smyth

Rate sensitivity

Rate sensitivity and the optimal choice of production capacity of petroleum reservoirs **9** (1987) 37
A.N. Nystad

Rate-structure debate

Time-of-use rates *v.* Hopkinson tariffs redux: an analysis of the choice of rate structures in a regulated electricity distribution company **19** (1997) 169
D. Seeto, C.K. Woo and I. Horowitz

Ratemaking

Weather normalization of electricity sales to the school sector: potential model misspecification **11** (1989) 127
K. Monts, M. Blissett and R. Wilson

Rating systems

Energy labels and economic search: an example from the residential real estate market **11** (1989) 213
R.W. Gilmer

Rational energy use

Impacts of the structures of electricity and gas tariffs on the rational use of energy **12** (1990) 103
M. Brand

Real incomes

Real incomes and the consumption of woodfuels in Ghana: an analysis of recent trends **12** (1990) 227
E.M. Abakah

Recessions

Identifying no growth years in the US economy: using increases in crude oil prices **14** (1992) 132
E.F. Renshaw

Regional economic impacts

The impact of a carbon tax on the Susquehanna River Basin economy **21** (1999) 363
R. Kamat, A. Rose and D. Abler

Regional fuel demand

The economics of fuel choice at US electric utilities **12** (1990) 82
A.E. Bopp and D. Costello

Regression analysis

Rural household energy demand modelling: a case study of Nepal **12** (1990) 279
K. Rijal, N.K. Bansal and P.D. Grover

Trading volume, maturity and natural gas futures price volatility **17** (1995) 293
J.H. Herbert

Regulated distribution companies

Time-of-use rates *v.* Hopkinson tariffs redux: an analysis of the choice of rate structures in a regulated electricity distribution company **19** (1997) 169
D. Seeto, C.K. Woo and I. Horowitz

Regulation

Price controls, price dispersion and the supply of refined petroleum products **7** (1985) 210
V.B. Agarwal and R.T. Deacon

Intertemporal consumer surplus in lagged-adjustment demand models: an application to natural gas pricing **8** (1986) 2
M.G. Baumann and J.P. Kalt

Separability, functional form and regulatory policy in models of interfuel substitution **11** (1989) 82
T.J. Considine

Election returns as a signal of changing regulatory climate **13** (1991) 48
M.R. Butler and E.M. McNertney
Regulatory selection and endogenous systematic risk **13** (1991) 86

Appliance-specific electricity consumption in Slovene households **9** (1987) 31
T. Stanovnik
Energy tax credits and housing improvement **11** (1989) 275
M.J. Walsh
An energy consumption forecast for the Soviet residential and commercial sector **13** (1991) 10
O.A. Nekrasova
Short- and long-run elasticities in US residential electricity demand: a co-integration approach **19** (1997) 493
J.I. Silk and F.L. Joutz

Residual fuel oil

A demand-determined model of the residual fuel oil market **10** (1988) 125
D.J. Green

Resource conservation

Comparative energy and environmental policy for the residential sector: applying Dutch standards to the UK housing stock **20** (1998) 173
C. Hargreaves, N. Johnstone, F. Laroui and M. van Leeuwen

Resource depletion

The comparative metastatics of the theory of the mine **4** (1982) 240
P.J. Crabbe
Resource extraction of imperfect substitutes **10** (1988) 242
F. Wirl

Resource-related economic model

Long-term relationships of major macro-variables in a resource-related economic model of Australia: a cointegration analysis **15** (1993) 257
C. Harvie and V.H. Tran

Resource *v.* non-resource based economy

The impact of energy prices on Alberta's economic outlook **11** (1989) 46
J. Worsick and A. Naini

Response surfaces

OECD oil demand: estimated response surfaces for nine world oil models **15** (1993) 49
H.G. Huntington

Return

Factors that influence public utility performance **11** (1989) 219
H.D. Platt and J.B. Welch
Regulatory selection and endogenous systematic risk **13** (1991) 86
M. Devaney

Ridge regression

Residential demand for electricity: the case of Greece **13** (1991) 41
G.S. Donatos and G.J. Mergos

Risk

Factors that influence public utility performance **11** (1989) 219
H.D. Platt and J.B. Welch
Regulatory selection and endogenous systematic risk **13** (1991) 86
M. Devaney
Financing waste to energy plants **14** (1992) 233
A. Woodward
Optimal participation rate under risk **15** (1993) 101
M. Breton

Risk aversion

Reliability, risk aversion and the positive theory of public enterprise **15** (1993) 190
R. Fraser

Risk management

Energy security: coping with multiple supply risks **17** (1995) 179
P. Zweifel and S. Bonomo
Risk management in the oil industry: can information on long-run equilibrium prices be utilized? **21** (1999) 517
O. Gjølberg and T. Johnsen

Risk premium

The discount rate for a power station **11** (1989) 175
E. Dimson

Unbiasedness and time varying risk premia in the crude oil futures market **16** (1994) 99
I.A. Moosa and N.E. Al-Loughani

River basin economy

The impact of a carbon tax on the Susquehanna River Basin economy **21** (1999) 363
R. Kamat, A. Rose and D. Abler

Road transport

Fuel consumption for road transport in Quebec **8** (1986) 165
K.J. Parbhakar

Robustness

A sensitivity analysis of multicriteria choice-methods: an application on the basis of the optimal site selection for a nuclear power plant **11** (1989) 293
J.A. Hartog, E. Hinloopen and P. Nijkamp

Rotterdam prices

Symmetric or asymmetric price adjustments in the oil market: an empirical analysis of the relations between international and domestic prices in the Federal Republic of Germany, 1972–89 **14** (1992) 171
G. Kirchgässner and K. Kübler

Rural sector

The economics of rural electrification projects **10** (1988) 3
M. Munasinghe

Rural household energy demand modelling: a case study of Nepal **12** (1990) 279
K. Rijal, N.K. Bansal and P.D. Grover

The long-run marginal cost of electricity in rural regions: a methodology for calculating the real cost of electricity **13** (1991) 187
P.G. Soldatos

Linkages among energy, agriculture and environment in rural India **21** (1999) 559
J.K. Parikh and R. Ramanathan

Satisficing

The nature of OPEC and oil price changes **16** (1994) 107
D.P.T. Young

Saudi Arabia

Gasoline demand: the case of Saudi Arabia **10** (1988) 271
M.A. Al-Sahlawi

Scale economies

Scale economies and capacity utilization: the importance of relative fuel prices **10** (1988) 140
D.E. Coates and J.G. Mulligan

Scarcity

Endogenous taxes in a vertically integrated, natural resource extracting firm **13** (1991) 55
M.J. Mueller

Scenarios

Energy scenarios: a learning process **1** (1979) 76
H. DuMoulin and J. Eyre

Seasonality

The demand for petrol with explicit new car fuel efficiency effects: a UK study 1977–86 **11** (1989) 95
P. Rice and P. Frater

The demand for electricity in Israel **21** (1999) 168
M. Beenstock, E. Goldin and D. Nabot

Second-best policies

Second-best energy policies for heterogeneous firms **21** (1999) 111
E. Verhoef and P. Nijkamp

Sectoral real income

Estimating shifts in real income and real spending **15** (1993) 210
E.W. Henry

Sectoralization

Decision making under uncertainty and inertia constraints: sectoral implications of the when flexibility **20** (1998) 539
F. Lecocq, J.-C. Hourcade and M.H. Duong

Security

Energy security: coping with multiple supply risks **17** (1995) 179
P. Zweifel and S. Bonomo

Self-selection

Fuel economy standards in a model of automobile quality **21** (1999) 309
C. Plourde and V. Bardis

Shadow values

Weather-induced changes in the tradeoff between SO_2 and N_x at large power plants **21** (1999) 239
J.E. Leightner

Short- and long-run elasticities

Short- and long-run elasticities in US residential electricity demand: a co-integration approach **19** (1997) 493
J.I. Silk and F.L. Joutz

Short-run model

Energy price shocks in the 1970s: impact on industrialized economies **6** (1984) 231
A.R. Nasseh and E. Elyasiani

Short-term demand

Cyclical economic fluctuations and oil consumption behaviour **5** (1983) 157
M. Dailami

Short-term forecasting

A double horizon peak demand forecast model **14** (1992) 103
V. Assimakopoulos and J. Psarras

Shrinkage estimators

Improved estimators of energy models **17** (1995) 15
L.C. Adkins and J.B. Eells

Simulation

A simulation model of interfuel substitution in the industrial boiler market **9** (1987) 17
J. Skea

World oil market simulation **10** (1988) 185
N. Baldwin and R. Prosser

A regional linear logit fuel demand model for electric utilities **18** (1996) 295
C.E. Moody

Singapore

Decomposition of industrial energy consumption: some methodological and application issues **16** (1994) 83
B.W. Ang and S.Y. Lee

Decomposition of industrial energy consumption: the energy coefficient approach **18** (1996) 129
B.W. Ang and P.W. Lee

Site orientation

Electricity consumption in manufactured housing **16** (1994) 54
S.V. Berg and C. Taylor

Small power production

Impact of tax reform on renewable energy and cogeneration projects **9** (1987) 215
E. Kahn and C.A. Goldman

SO_2 tax – *see* Sulphur dioxide

Social conflict

Power shifts: the dynamics of energy efficiency **20** (1998) 513
O. Edenhofer and C.C. Jaeger

Social viability

The social viability of ethanol production in Brazil **9** (1987) 176
R. Serôa da Motta

Solar energy

Environmental benefits and the economics of UK solar energy schemes **1** (1979) 134
M. Common and J. Peirson

Synthetic demand functions for solar energy **4** (1982) 225
N. Manning and R. Rees

South-eastern Australia

Electricity and gas supply in south-eastern Australia, 1980–2020 **7** (1985) 37
A.R. de L. Musgrove and K.J. Stocks

Space heating

Residential space heating: an analysis of energy conservation **5** (1983) 49
H.R. Isakson
Price sensitivity of residential energy consumption in Norway **21** (1999) 493
R. Nesbakken

Spain

Energy and CO_2 emissions in Spain: methodology of analysis and some results for 1980–90 **17** (1995) 221
V. Alcántara and J. Roca

Specification error tests

The reliability of aggregate energy demand functions: an application of statistical specification error tests **11** (1989) 285
H. Welsch

Speed of adjustment

Marketing dynamism: an econometric study of the oil pricing policies of selected OPEC members **13** (1991) 154
B.E. Okogu
Rockets and feathers: the asymmetric speed of adjustment of UK retail gasoline prices to cost changes **13** (1991) 211
R.W. Bacon
Retail price asymmetries in local gasoline markets **18** (1996) 81
K.T. Duffy-Deno

Speed of adjustment and stability

The dynamic stability of OPEC's oil price mechanism **14** (1992) 65
S. Hammoudeh and V. Madan

Spills

Pigouvian penalty for oil spills **15** (1993) 197
R.E. Kohn

Spot markets

Is the spot market for oil products efficient? Some Rotterdam evidence **7** (1985) 231
O. Gjølberg
Inter-relationships between spot and sticky-price markets for crude oil: a diagrammatic analysis **12** (1990) 168
A.J. MacFadyen
A weak form evaluation of the efficiency of the Rotterdam and Italian oil spot markets **13** (1991) 26
E. Panas

Supply function equilibria and the danger of tacit collusion: the case of spot markets for electricity **14** (1992) 94
F. Bolle

Market information and price volatility in petroleum derivatives spot and futures markets: some New York evidence **15** (1993) 17
S.M.K. Nainar

Spot prices

A comparison of petroleum futures versus spot prices as predictors of prices in the future **13** (1991) 274
A.E. Bopp and G.M. Lady

Stability

OPEC stability: an empirical assessment **10** (1988) 174
A.L. Danielsen and S. Kim

Standard errors

Bootstrapping for consistent standard errors for translog price elasticities: some evidence from industrial electricity demand **11** (1989) 319
S.M. Khalid Nainar

Standard of living

Oil price and inflation **4** (1982) 121
P.E. Thoresen

Steam coal

A sensitivity analysis of the linear complementarity programming model: Appalachian steam coal and the natural gas market **7** (1985) 145
C.-w. Yang and W.C. Labys

Stein-rule estimators

Improved estimators of energy models **17** (1995) 15
L.C. Adkins and J.B. Eells

Stochastic demand

Pricing of electricity tariffs in competitive markets **21** (1999) 213
J. Keppo and M. Räsänen

Stock returns

Oil price shocks and stock market activity **21** (1999) 449
P. Sadorsky

Stockpile

Economic oil stockpiles: analytical solution for minima **4** (1982) 29
E.G. Read

Storage

Precautionary storage of refinery products: the case of distillate fuel oil **10** (1988) 254
M. Newton Lowry

Strategic interactions (Stackelberg games) between a utility and its consumers

On the unprofitability of utility demand-side conservation programmes **16** (1994) 46
F. Wirl

Structural change

Tests for structural change in US oil consumption, 1967–1982 **6** (1984) 223
A.E. Bopp

Structural change and technology choice: energy use in Mexican manufacturing industry, 1970–81 **7** (1985) 77
T. Sterner

An interindustry analysis of structural change and energy use linkages in the Saskatchewan economy **8** (1986) 186
B.W. Gould and S.N. Kulshreshtha

Structural changes in residential electricity demand **10** (1988) 213
W.S. Chern and H.E. Bouis

Energy demand in Greece: the impact of the two energy crises **11** (1989) 147
G.S. Donatos and G.J. Mergos

Structural effect

Structural change and energy use: the case of the manufacturing sector in Taiwan **12** (1990) 109
J.-W. Li, R.M. Shrestha and W.K. Foell

Structural shift

Decomposition of changes in energy intensity: a comparison of the Divisia index and other methods **10** (1988) 309
G.A. Boyd, D.A. Hanson and T. Sterner

Industrial energy use in Ontario from 1962 to 1984 **15** (1993) 25
D. Gardner

Multilevel decomposition of industrial energy consumption **17** (1995) 39
B.W. Ang

Understanding industrial energy use: structural and energy intensity changes in Ontario industry **20** (1998) 29
D.T. Gardner and M.A.T. Elkhafif

Structural stability

Testing for stability: motor gasoline demand and distillate fuel oil demand **7** (1985) 87
N.D. Uri and S.A. Hassanein

Stylized facts

The cyclical behavior of monthly NYMEX energy prices **20** (1998) 265
A. Serletis and T. Kemp

Subsidy

Optimal subsidies to new energy sources **9** (1987) 183
B.D. Solomon and T.D. Georgianna

Subsidy free pricing of interruptible service contracts **17** (1995) 53
T.R. Beard, G.H. Sweeney and D.M. Gropper

Substitutability

Energy–capital substitutability/complementarity: the dichotomy **12** (1990) 48
B.E. Apostolakis

Substitution elasticities

Effect of an essential input on isoquants and substitution elasticities **7** (1985) 194
S. Islam

Input substitution in Thailand's manufacturing sector: implications for energy policy **9** (1987) 55
S. Saicheua

Estimated substitution elasticities of a nested CES production function approach for Germany **20** (1998) 249
C. Kemfert

Electricity substitution: some local industrial evidence **20** (1998) 411
A.H. Barnett, K. Reutter and H. Thompson

Sulphur dioxide

On the economics of pollution control for sulphur dioxide emissions **3** (1981) 83
N.H. Highton and M.G. Webb

SO_2 emission intensities of the power sector in Asia: effects of generation-mix and fuel-intensity changes **19** (1997) 355
R.M. Shrestha and G.R. Timilsina

The US SO_2 auction: analysis and generalization **21** (1999) 403
G.T. Svendsen and J.L. Christensen

Supply

The GAO natural gas supply model **7** (1985) 49
C.E. Moody, P.L. Valentine and W.J. Kruvant

Supply disruption

Oil markets under political and military stress **12** (1990) 204
S. Das, P.N. Leiby, R. Lee, G.R. Hadder and R.M. Davis

Supply functions

Supply function equilibria and the danger of tacit collusion: the case of spot markets for electricity **14** (1992) 94
F. Bolle

Supply interruption

Reducing dependence on oil imports **4** (1982) 51
D. Kline and J.P. Weyant

Supply risks

Energy security: coping with multiple supply risks **17** (1995) 179
P. Zweifel and S. Bonomo

Supply shock

Environmental policies: market responses and incentives **15** (1993) 67
H. Motamen-Scobie

Sustainability

A new model for sustainable growth in the energy industry **15** (1993) 3
S. McFaddin and M. Clouse

Economic growth, international competitiveness and environmental protection: R & D and innovation strategies with the WARM model **19** (1997) 2
C. Carraro and M. Galeotti

Modelling the electricity consumption of cities, effect of urban density **21** (1999) 53
I. Larivière and G. Lafrance

Sweden

Energy use and structural changes: factors behind the fall in Sweden's energy output ratio **4** (1982) 21
G. Östblom

Electricity tariffs in Sweden **6** (1984) 122
R. Andersson

Switching points

The car park: diffusion models revisited **18** (1996) 107
J.V. Greenman

Switzerland

Optimal reserve capacities for electricity generation: a stochastically based risk–benefit approach **4** (1982) 251
S.P. Mauch and P. Marti

Gasoline consumption and the stock of motor vehicles: an empirical analysis for the Swiss economy **10** (1988) 276
W. Wasserfallen and H. Güntensperger

Taiwan

Energy multipliers for economic analysis: an input–output approach **11** (1989) 33
G.J.Y. Hsu

Energy planning and environmental quality management: a decision support system approach **14** (1992) 302
B.-C. Liu, G.-H. Tzeng and C.-T. Hsieh

Decomposition of industrial energy consumption: some methodological and application issues **16** (1994) 83
B.W. Ang and S.Y. Lee

Decomposition of industrial energy consumption: the energy coefficient approach **18** (1996) 129
B.W. Ang and P.W. Lee

Target-capacity utilization

Does a target-capacity utilization rule fulfill OPEC's economic objectives? **15** (1993) 71
S.M. Suranovic

Target price

The dynamic stability of OPEC's oil price mechanism **14** (1992) 65
S. Hammoudeh and V. Madan

Tariff – *see* Prices

Tax credits

Energy tax credits and housing improvement **11** (1989) 275
M.J. Walsh
An econometric analysis of residential expenditures on energy conservation and renewable energy sources **15** (1993) 232
J.E. Long

Taxation

North Sea oil taxation in Norway **1** (1979) 33
A.G. Kemp and D. Crichton
Effects of changes in UK North Sea oil taxation **1** (1979) 224
A.G. Kemp and D. Crichton
Taxing North Sea oil profits in the UK: special needs and the effects of Petroleum Revenue Tax **2** (1980) 115
C. Rowland
North Sea oil taxes and the sharing of risk – a comparative case study **2** (1980) 145
Ø. Bøhren and C. Schilbred
The internalization of surface-mining externalities **2** (1980) 161
M. Greenbaum and C.E. Harvey
Exploration and taxation: some normative issues **7** (1985) 237
S.D. Flåm and G. Stensland
Impact of tax reform on renewable energy and cogeneration projects **9** (1987) 215
E. Kahn and C.A. Goldman
Distributional impacts of oil and gas tax reforms **10** (1988) 235
A. Rose and B. Stevens
Economic effects of a carbon tax: with a general equilibrium illustration for Belgium **14** (1992) 136
S. Proost and D. Van Regemorter
Quasi-experimental taxation elasticities of US gasoline demand **16** (1994) 133
R.K. Goel
Taxation of petroleum products: theory and empirical evidence **17** (1995) 101
S. Gupta and W. Mahler
Aggregate impacts of the proposed reduction in the motor fuels excise tax in the United States **20** (1998) 309
N.D. Uri and R. Boyd

Technological progress

Productive efficiency in a regulated industry: the area electricity boards of England and Wales **13** (1991) 116
T.G. Weyman-Jones
Factors influencing changes in energy consumption: the case of Italy, 1975–85 **14** (1992) 49
A. Raggi and G. Barbiroli
Accounting for technical progress in aggregate energy demand **16** (1994) 245
C.T. Jones
Efficiency and ownership in electricity distribution: a non-parametric model of the Turkish experience **18** (1996) 1
N. Bagdadioglu, C.M. Waddams Price and T.G. Weyman-Jones
Climate modelling and policy strategies: the role of technical change and uncertainty **20** (1998) 463
C. Carraro and J.C. Hourcade
Technological change and the timing of mitigation measures **20** (1998) 495
A. Grübler and S. Messner

Power shifts: the dynamics of energy efficiency **20** (1998) 513
O. Edenhofer and C.C. Jaeger

Technology assessment

Discount rate for technology assessment: an application to the energy sector **6** (1984) 177
K.J. Stocks

Technology development

Environmental policies: market responses and incentives **15** (1993) 67
H. Motamen-Scobie

Television

Television peaks in electricity demand **5** (1983) 31
D.W. Bunn and J.P. Seigal

Temperature

Derivation of a theoretical form of a production function for home temperature: a comment **5** (1983) 273
R.A. Collins and J.K. Gray
Electricity load and temperature: issues in dynamic specification **16** (1994) 235
J. Peirson and A. Henley
Residential energy demand and the interaction of price and temperature: British experimental evidence **20** (1998) 157
A. Henley and J. Peirson

Terms of trade

Welfare effects of emission taxes in Norway **18** (1996) 335
J. Aasness, T. Bye and H.T. Mysen

The Netherlands

Energy efficiency and structural change in the Netherlands, 1980–1990 **20** (1998) 1
J. Farla, R. Cuelenaere and K. Blok

Thermal insulation

The economics of house heating: further findings **4** (1982) 134
G. Capper and A. Scott

Thermal noise

Measurement of temperature in economic systems considered as thermodynamic models **14** (1992) 73
D.G. Collins

Thermodynamics

A thermodynamic approach to economics **4** (1982) 36
J. Bryant
Measurement of temperature in economic systems considered as thermodynamic models **14** (1992) 73
D.G. Collins

Three-phase systems

Measurement of temperature in economic systems considered as thermodynamic models **14** (1992) 73
D.G. Collins

Time-of-use pricing

The welfare economics of optional seasonal time-of-day electricity tariffs **3** (1981) 102
J.T. Wenders
Time-of-use rates and peak period electricity consumption: an empirical note **8** (1986) 257
M.R. Veall
Bootstrapping for consistent standard errors for translog price elasticities: some evidence from industrial electricity demand **11** (1989) 319
S.M. Khalid Nainar
Electricity demand by time of use: an application of the household AIDS model **17** (1995) 197
M. Filippini
Residential energy demand and the interaction of price and temperature: British experimental evidence **20** (1998) 157
A. Henley and J. Peirson

Time-series analysis

A double horizon peak demand forecast model **14** (1992) 103
V. Assimakopoulos and J. Psarras
Forecasting weekly electricity consumption: a case study **15** (1993) 285
J.V. Ringwood, P.C. Austin and W. Monteith
Accounting for technical progress in aggregate energy demand **16** (1994) 245
C.T. Jones

Top-down

The synthesis of bottom-up and top-down in energy policy modeling **20** (1998) 233
C. Böhringer
Integrating the bottom-up and top-down approach to energy–economy modelling: the case of Denmark **20** (1998) 443
H.K. Jacobsen

Total factor productivity

Productivity in the vertically integrated system of the Greek electricity utility, 1970–85 **11** (1989) 119
P.G. Efthymoglou and A.S. Vlachou
Using electricity data to measure capital utilization **16** (1994) 63
D. Anxo and T. Sterner

Tradable permits

Carbon taxes and India **19** (1997) 289
K.A. Fisher-Vanden, P.R. Shukla, J.A. Edmonds, S.H. Kim and H.M. Pitcher

Trade

Nuclear energy in France: an economic policy overview **1** (1979) 130
G. de Carmoy
EEC energy policy and the UK: the Birmingham energy model **1** (1979) 180
J. Tzoannos, K.G. Vaidya and P.G. Soldatos
Oil and the US dollar **2** (1980) 142
F.E. Banks
Canadian oil exports to the USA: from profusion to parsimony **3** (1981) 219
G.C. Watkins
Economic forces in the European gas market – a 1985 prospective **9** (1987) 2
J. Boucher and Y. Smeers

Translog model

A dynamic putty–semi-putty model of aggregate energy demand **11** (1989) 53
W.W. Hogan
The capital–energy controversy: further results **11** (1989) 201
A.A. Kintis and E.E. Panas
Bootstrapping for consistent standard errors for translog price elasticities: some evidence from industrial electricity demand **11** (1989) 319
S.M. Khalid Nainar

Transmission

Optimal timing of transmission line investments **11** (1989) 181
G. Schramm
Optimal timing of transmission line investments in the face of uncertain demand: an option valuation approach **14** (1992) 3
S.H. Martzoukos and W. Teplitz-Sembitzky
Cointegration analysis of spot electricity prices: insights on transmission efficiency in the western US **21** (1999) 435
A.S. De Vany and W.D. Walls

Transport

Fuel consumption for road transport in the USA **5** (1983) 89
G. Kouris
A note on resource value and marketability **10** (1988) 79
T.A. Barthold and R. Boyd
Road transport energy demand in Australia: a cointegration approach **17** (1995) 329
R. Samimi
Decomposition of aggregate carbon intensity for freight: trends from 10 OECD countries for the period 1971–1993 **21** (1999) 331
L.A. Greening, M. Ting and W.B. Davis

UK

Energy conservation in the UK **4** (1982) 83
G.F. Ray and J. Morel
Structuring industrial energy use: a UK case study **4** (1982) 268
R.K. Cattell
Structural change and energy efficiency in industry **5** (1983) 114
C.A. Jenne and R.K. Cattell
Capital stock rotation, conservation and fuel substitution in the UK industrial steam-raising market **5** (1983) 218
J.H. Chesshire and M.J. Robson
Pattern of UK fuel use **7** (1985) 220
H. Motamen and C. Schaller

Unbiasedness

Unbiasedness and time varying risk premia in the crude oil futures market **16** (1994) 99
I.A. Moosa and N.E. Al-Loughani

Uncertainty analysis

The Sizewell decision: a sensitivity analysis **6** (1984) 14
N. Evans

Uncertainty in hydroelectric power supply **6** (1984) 159
O. Bjerkholt and Ø. Olsen
Optimizing investment levels for energy conservation: individual versus social perspective and the role of uncertainty **7** (1985) 259
A. Rabl
The competitive price of oil: some results under uncertainty **7** (1985) 289
C. Hope and P. Gaskell
Petroleum taxation under uncertainty: contingent claims analysis with an application to Norway **14** (1992) 23
D. Lund
A model-referenced procedure to support adversarial decision processes: application to electricity planning **14** (1992) 242
D.W. Bunn and K. Vlahos
The option value of renewable energy: the case of climate change **17** (1995) 311
D. Schimmelpfennig
Climate modelling and policy strategies: the role of technical change and uncertainty **20** (1998) 463
C. Carraro and J.C. Hourcade

Unit-cost function

Residential energy demand: an integrated two-levels approach **9** (1987) 139
J.-T. Bernard, M. Lemieux and S. Thivierge

Unsustainable natural monopoly

Electricity distribution as an unsustainable natural monopoly: a potential outcome of New Zealand's regulatory regime **21** (1999) 385
C. Gunn

Upside-risk

The demand for electricity in Israel **21** (1999) 168
M. Beenstock, E. Goldin and D. Nabot

Uranium supply-price demand

The capitalist world aggregate supply and demand model for natural uranium **17** (1995) 211
V.H.S. Amavilah

Urban households

Nairobi households and their energy use: an economic analysis of consumption patterns **7** (1985) 265
E.L. Hughes-Cromwick

USA

Energy prices, labour productivity and causality: an empirical examination **4** (1982) 98
N.D. Uri and S.A. Hassanein
An aggregate petroleum consumption model **5** (1983) 27
S.B. Brown
Helium conservation and supply and demand projections in the USA **5** (1983) 58
B.-C. Liu
Fuel consumption for road transport in the USA **5** (1983) 89
G. Kouris
Tests for structural change in US oil consumption, 1967–1982 **6** (1984) 223
A.E. Bopp

State gasoline consumption in the USA: an econometric analysis **7** (1985) 29
A.-l. Lin, E.N. Botsas and S.A. Monroe
The rise and fall of oil generation in the USA: a study in institutional adaptability **7** (1985) 66
R.L. Gordon
The search for oil in the USA: an econometric approach **8** (1986) 155
L.P. Drollas
The price of energy and factor substitution in the US economy **9** (1987) 159
J.V. Greenman and L.P. Drollas
Energy elasticities under Divisia and Btu aggregation **9** (1987) 210
H.V. Nguyen
Precautionary storage of refinery products: the case of distillate fuel oil **10** (1988) 254
M. Newton Lowry
An oil import fee and drilling activity in the USA **11** (1989) 158
E.F. Renshaw
Impacts of technological change on factor substitution between energy and other inputs within US agriculture, 1950–79 **12** (1990) 2
D.L. Debertin, A. Pagoulatos and A. Aoun
On the economics of PURPA auctions **13** (1991) 74
F. Bolle
USA oil/gas production cost: recent changes **13** (1991) 235
M.A. Adelman
Changing crude oil price effects on US agricultural employment **18** (1996) 185
N.D. Uri

USSR

An energy consumption forecast for the Soviet residential and commercial sector **13** (1991) 10
O.A. Nekrasova

Utility

Optimal participation rate under risk **15** (1993) 101
M. Breton

Utility fuel demand

A regional linear logit fuel demand model for electric utilities **18** (1996) 295
C.E. Moody

Utility maximization

Income and the recycling effort: a maximization problem **15** (1993) 33
C. Saltzman, V.G. Duggal and M.L. Williams

Utility modelling

The economics of fuel choice at US electric utilities **12** (1990) 82
A.E. Bopp and D. Costello

Utility planning

Least cost selection of energy conservation measures for regulated gas utilities **15** (1993) 166
V.A. Greenberg and S.L. Harshbarger

Validation criteria

Measuring the validity and performance of energy models **4** (1982) 159
W.C. Labys

Valuation

An option pricing approach to evaluating petroleum projects **10** (1988) 91
S. Ekern

Variational inequalities

General multi-product, multi-pollutant market pollution permit model: a variational inequality approach **19** (1997) 57
A. Nagurney, K. Kanwalroop Dhanda and J.K. Stranlund

VAT

The impact of VAT introduction on UK residential energy demand: an investigation using the cointegration approach **17** (1995) 237
R. Fouquet

Vector autoregressive model

Oil price shocks and employment: the case of Ohio coal mining **18** (1996) 211
J.H. Hoag and M. Wheeler

Vertical divestiture

Vertical divestiture of the US oil industry and US–OPEC relations **3** (1981) 43
H. Steele and G. Daly

Volatility

Trading volume, maturity and natural gas futures price volatility **17** (1995) 293
J.H. Herbert

Oil price shocks and stock market activity **21** (1999) 449
P. Sadorsky

Waste-to-energy

Financing waste to energy plants **14** (1992) 233
A. Woodward

Weather

Rejoinder: Weather, the estimation of residential energy demand relationships: a comment **10** (1988) 324
J.H. Herbert

Rejoinder: Weather, the estimation of residential energy demand relationships and the reporting of data: a reply **10** (1988) 325
A.A. Rushdi

Weather normalization of electricity sales to the school sector: potential model misspecification **11** (1989) 127
K. Monts, M. Blissett and R. Wilson

An iterative approach for weather-correcting energy consumption data **18** (1996) 221
M.A.T. Elkhafif

Welfare

Intertemporal consumer surplus in lagged-adjustment demand models: an application to natural gas pricing **8** (1986) 2
M.G. Baumann and J.P. Kalt

A model of individual household temperature demand and energy-related welfare changes using satiety **8** (1986) 147
J.E. Kushman and J.G. Anderson
Measuring the consumer welfare effects of carbon penalties: theory and applications to household energy demand **14** (1992) 82
J.C. Dumagan and T.D. Mount
A comparison of cost-based pricing rules for natural gas distribution utilities **15** (1993) 176
C.C. Klein
Regulator preferences and utility prices: evidence from natural gas distribution utilities **21** (1999) 1
C.C. Klein and G.H. Sweeney
